Waco Bicycle Club

Bylaws Revision Summary

Comparison: April 1, 2026 Bylaws and proposed Amended and Restated Bylaws
Proposed effective date: December 7, 2026

Purpose of This Summary

This document identifies the changes between the April 1, 2026 bylaws and the proposed amended version. It is intended to help Waco Bicycle Club members understand what is changing before considering approval.

1. Board Composition and Positions

April 2026: Article IV, Section 2; Article VI

The April 2026 bylaws identified five elected officers:

- President
- Vice President, Programs and Education
- Vice President, Membership
- Secretary
- Treasurer

Four additional positions were listed separately as **Appointed Members at Large**:

- Website Manager
- Social Media Coordinator
- Mountain Bike Liaison
- Community Relations Coordinator

The Board could appoint people to these roles, and they were not required to be elected by the general membership.

Proposed version: Article IV, Section 2

The four additional positions are now included in the list of **Elected Officers**, along with the original five positions.

The proposed version also retains the option for the Board to appoint Members at Large for specific operational and liaison roles. These appointed positions are not required to be elected by the general membership.

What this means: The four named positions would change from appointed positions to elected officer positions. They would become subject to the same election and term provisions as the other elected officers.

2. Terms of Office

April 2026: Article IV, Section 4

The April bylaws provided:

- Elected officers serve one-year terms and may be reelected.
- Appointed Members at Large serve one-year terms and may be reappointed.

Proposed version: Article IV, Section 4

The same one-year term provisions remain. However, because the four positions listed above are now classified as elected officers, they would serve as elected positions rather than appointed positions.

3. Officer Duties and Organization

April 2026: Article V and Article VI

The April bylaws placed the duties of the five elected officers in Article V. The duties of the four appointed positions were listed separately in Article VI, titled "Appointed Board Positions."

Proposed version: Article V

The duties of all nine named positions are consolidated under Article V, "Officers and Their Duties."

The proposed version retains the responsibilities described for the four additional positions:

- Website Manager: Maintains the website, keeps information accurate, publishes updates, and helps maintain functionality and security.
- Social Media Coordinator: Manages official social media accounts, promotes activities, shares announcements, and communicates with members and the public.
- Mountain Bike Liaison: Represents mountain biking members, coordinates activities, communicates trail conditions, and maintains relationships with trail organizations.
- Community Relations Coordinator: Serves as a liaison to community organizations, develops partnerships, represents the Club at community events, and supports outreach.

What this means: The duties are brought together in one article, and the four positions are presented as officer roles rather than a separate category of appointed positions.
