Tours of the Island

Nantucket Island is a unique and historic place. Founded by English settlers in 1659 and incorporated in 1671, this island 26 miles out to sea has its own distinct identity from its architecture, rolling moors and scenic ponds. There are more than 40 miles of bike paths, many walking trails and over 50 miles of beaches. There are many unique shops, restaurants, museums and galleries to visit while here on Nantucket Island. The Grey Lady has a strong maritime past and that continues today with its bustling harbor. Nantucket was also known as the Whaling Capital of the World from 1800 to 1840. There are over 800 buildings that date back to the Civil War era. Three lighthouses around the island help guide mariners.
