BENEFICIARIES

RUNNING ZONE FOUNDATION AND SPACE COAST RUNNERS ARE PROUD TO ANNOUNCE THIS YEAR'S BENEFICIARIES. THESE GROUPS PROVIDE AID STATION, FINISH LINE, AND RACE SITE VOLUNTEERS.

1

Space Coast Crew is a non-profit organization established in 1996 to promote the sport of rowing in Brevard County. This program draws students in grades 7 to 12 and hosts rowing camps, clinics and an adult rowing program. Rowing is a wonderful way to improve your health being while enjoying the natural beauty of Florida's waterways.

2

Coastal Boxer Rescue of Florida is a not for profit organization dedicated to rescuing abused, abandoned and neglected boxers and securing them forever homes. Covering the east coast of Florida, from Volusia County to Miami-Dade County that is 100%operated by committed volunteers dedicated to the successful re-homing of boxers. They do not have

3

Edgewood Jr/Sr High Cross Country located in Merritt Island, Florida, fields a strong and disciplined cross country program known for its hardworking student-athletes. The team emphasizes endurance, teamwork, and academic excellence, reflecting the school's high-performing culture. With committed coaching and a supportive community, Edgewood continues to develop competitive runners each season.

4

Melbourne High School Boys and Girls Cross Country Teams appreciate all the support we have received from Running Zone over the years. Events like this not only help us with our fundraising needs, they also give our athletes the opportunity to get involved with and support others who love the sport. We look forward to seeing you on the road. Get in those miles!

5

Satellite High School Cross Country and Track Over 100 athletes in track each year the past 5 years. The track program now supports 18 sporting events with the inclusion of Javelin. Funds go to help maintain the rubber track and track supplies.

BENEFICIARIES | 7

6

Space Coast Parrot Heads is a tax exempt organization dedicated to preserving and improving the environment and the community. It is a volunteer social organization with community and environmental concerns. The club strives to be a source of enjoyment, relaxation and fellowship and to provide a variety of activities for people with the tropical spirit personified by Jimmy Buffett music. The goal of SCPHC is to leave the world a little better than we found it and have a good time doing it!

7

Rockledge High School Wrestling is a Varsity and Junior Varsity sports team that young men and women participate in. We believe that to be a good athlete you must first be a good student.

8

Boy Scouts of America, Troop 488 is located in Titusville, FL. It focuses on building character through personal faith, leadership and citizenship by participating in numerous campouts, community service efforts, normal weekly meetings and special events like Eagle projects. Each scout personally grows through his efforts to achieve rank advancement on the path to Eagle scout and in the completion of requirements for merit badges. Troop 488 is building the men of tomorrow.

9

Astronaut High School JROTC is a character development program which motivates students to become better citizens. Cadets can participate in co-curricular activities and competitions.

10

Eastern Florida State College Titans Athletics has had a strong presence and tradition for many years in Brevard County, competing as Brevard Community College until the July 1, 2013 changing to Eastern Florida State College with the addition of bachelor's degrees. Despite the addition of four-year degrees, Eastern Florida State College continues to compete at the two-year NJCAA level and our student-athletes have two years of eligibility.Many great student-athletes have represented the College and then gone on to finish their academic and athletic pursuits at other four-year institutions, including moving to NCAA Division I. Go Titans!

PACE TEAMS

As a benefit to the Marathon and Half Marathon participants, Pace Teams will be there for you. We will be offering pace groups led by experienced pacers for a wide variety of times including many of the Boston qualifying standards. We hope you will find this support useful as you strive to achieve your marathon and half marathon goals. A pace team is a group of runners, led by an experienced leader, who run together in the marathon/half marathon.
The pace leader runs a steady pace and keeps track of that pace so that the group can achieve their goal of finishing the marathon/half marathon at a particular time. There are wonderful benefits of running with a pace group. You'll be supported by a cheerful leader and will be side by side with other runners sharing the same goal as you.

What Pace Groups are offered? We will have Pacers for both the full marathon and half marathon. Look at the times and the lineup Pace Teams available on marathonpacing.com The lineup for Pace Groups follow as goal time/minute per mile pace. Additional groups may be added, so be sure the check at the Pace Team booth at the Expo.

What pace group should I be in? The best way to select the proper pace group is to know your average pace per mile. You can utilize a recent race during the past year. If you have never participated in an organized race, you can determine your pace by using your times from your training sessions.
What does it cost to run with the Pace Team? The Pace Team is FREE!
How do I sign up to run with the Pace Team? The Pacers will be at the Expo on Saturday from 9:30 am until 5:00 pm.

How will the Pacers be running the race? Every pace leader will be holding a steady pace throughout the marathon/half marathon. These "even splits" are the best way to achieve your peak performance in the race.

Where will my Pace Leader be on race morning? We will be assembling for the full marathon on Harrison St. about 30 minutes before the start of the race. The half is being staged in Lee Wenner Park and we will line up in the staging area and will position ourselves once the half marathoners are moved up to the start area after the marathoners have started.

Half Marathon: A 30 minute per mile pace must be maintained for all athletes in the half marathon course.
Walkers: Walkers are encouraged to participate in The Space Coast Marathon & Half Marathon. As a courtesy to runner participants, we ask that walkers NOT BE MORE than two abreast so runners can easily pass. Please be mindful that some marathon participants are trying to qualify for Boston Marathon. Thank you.

PROHIBITED DEVICES

For your safety, we ask you not to wear music listening devices because the course is open to residential traffic. Strollers, bicycles, dogs and other unauthorized vehicles are not permitted on the course.

CONTINGENCY PLAN, EVENT ALERT SYSTEM & CANCELLATION POLICY

In the case of lightning, severe rain, wind or any other condition that affects the potential safety of the participants, spectators and volunteers, the event may be delayed and all participants will be asked to proceed to safety. The event will start if the weather clears (in the case of severe weather). In the case of light rain, the event will continue until safety becomes an issue. In the event unusual conditions necessitate the curtailment or cancellation of the event for the safety of participants, the Race Director shall have absolute authority to make changes in order to best serve the interests and safety of the participants of the event. In case of extreme weather, the race director shall determine if and when the event shall cease, resume or be canceled.

SECURITY PLAN

To Ensure A Safe Event:

- Travel light to the event
- Don't bring anything you don't need
- Don't leave your bags unattended around the race site
- Please use the clear plastic gear check bags provided to you at packet pick up if you plan to check your belongings
- And most importantly, if you see something, say something!

Thank you in advance for your cooperation and patience.

COURSE SAFETY

The race course **will be open to local residential traffic.** Please run on the RIGHT side of the road (with traffic). Traffic at major intersections will be controlled by police officers but you MUST be vigilant.

Full marathoners: If you are between miles 1 and 13 at 8:30 am (2 1/2 hours after the start) you MUST move to the NORTH- BOUND lane – the lane closest to the river. Local traffic will then utilize the SOUTHBOUND lane.

For the half marathoners and the 2nd half for the full marathoners, at 10:00 am, (4 hours after the start), you MUST move to the NORTHBOUND lane --the lane closest to the river. Local traffic will then utilize the SOUTHBOUND lane.

There will be police support and volunteers all along the course. PLEASE be aware of vehicular traffic. This course is used frequently by runners and cyclists. Be SAFE and please be COURTEOUS to our local residents.

Other Rules and Regulations can be found here: SCM Event Policies and Rules of Conduct

MEDICAL SERVICES & SUPPORT

If anyone is in need of medical assistance, please notify any volunteer and they will help you in obtaining medical assistance. A first aid station will be available at two locations along the course (Coastal Health Systems on the north course and Rockledge EMS and Coastal Health Systems on the south course). Coastal Health Systems ambulances will be on site during the event at the finish line, as well as City of Cocoa EMTs. The main medical tent at the finish line is sponsored by HealthFirst Orthopedics.

A NOTE FROM OUR MEDICAL DIRECTOR

Our Medical Director, Dr. Bryan Parry is a Board Certified Orthopedic Surgeon and is a fellow of American Academy of Orthopedic Surgeons. He practices at Health First Orthopedics. He has served as medical director for the Space Coast Marathon for the past 14 years and is looking forward to helping at the upcoming race this December. He is an avid runner, having completed many marathons, ultramarathons and ultramarathon relays. He enjoys working with athletes because they often share his same passion for competition, health and wellness.

Even with proper training for the half and full marathons, you still may suffer from heat stress or become dehydrated. Here are a few tips to remember during the race:

- Make sure you are hydrated before the race with both water and electrolyte replacement fluid.
- Try to intake 4-6 ounces every 20 minutes during the race. You should drink electrolyte replacement fluid at least every other water station.
- Medical research has shown that non-steroidal anti-inflammatory drugs (NSAIDs) like Advil, Motrin (ibuprofen) and Aleve may be harmful to runners' kidney function if taken within 24 hours of running. Also, they may increase the risk of hyponatremia by interfering with the body's ability to retain salt. Tylenol has been shown to be safe.
- Know the symptoms of heat stress, dehydration or other symptoms in
- which to seek medical assistance: nausea and/or vomiting; dizziness, confusion, loss of peripheral vision; dry skin, your body is no longer able to perspire; chest pain.

If anything like this occurs, seek medical assistance. Our medical team will be there to help on race day to ensure you have a safe and enjoyable race.

RACE FINISH AREA

RUNNERS' REFRESHMENTS & BREAKFAST

This year's breakfast will be comprised of pancakes, pizza, muffins, bananas, and plenty of ice cold beer! (21+).

RACE DAY RUNNER RESULTS

Race results will be posted online at SpaceCoastMarathon.com. As participants achieve specific splits along the course, their times will be updated accordingly.

RACEJOY

FREE Advanced Runner Tracking & Cheer Sending! Download the RaceJoy mobile app to get live performance updates and share your Space Coast Marathon & Half Marathon experience with your friends and family! This is a free experience brought to you as another great amenity of the event.

- RaceJoy provides participants with real-time tracking based on RFID chip tracking ("Bib Tracking") or GPS-based phone tracking. Spectators can track the participants' location and progress real-time, enabling them to cheer on their participants at the right moment and location.
- RaceJoy delivers continual Chip-Timed and GPS-based progress alerts to participants and spectators, notifying them when key milestones are reached and providing essential performance data. This helps participants to manage their performance and keep their spectators informed.
- Spectators can send personalized audio cheers or pre-recorded messages to participants, providing encouragement and support along the way. This interactive feature boosts participants' morale and creates a sense of community, even in virtual or remote races.
- Spectators track participant locations on official interactive course maps within RaceJoy to see their real-time location. Organizers can monitor from a global dashboard. Plus, off-course alerts are provided to ensure participants stay on course even in the most remote locations.

JUNO: MARKING 10 YEARS IN ORBIT

NASA's Juno spacecraft lifted off for Jupiter on August 5, 2011, aboard an Atlas V rocket from Cape Canaveral, Florida. Since it arrived at Jupiter in 2016, Juno has been probing beneath the dense, forbidding clouds encircling the giant planet — the first orbiter to peer so closely. It's looking to answer questions about the origin and evolution of Jupiter, our solar system, and giant planets across the cosmos.

Data from NASA's Juno mission has provided new insights into the thickness and sub-surface structure of the icy shell encasing Jupiter's moon Europa. Slightly smaller than Earth's moon, Europa is one of the solar system's highest-priority science targets for investigating habitability. Evidence suggests that the ingredients for life may exist in the saltwater ocean that lies beneath its ice shell. Uncovering a variety of characteristics of the ice shell, including its thickness, provides crucial pieces of the puzzle for understanding the moon's internal workings and the potential for the existence of a habitable environment.
