Dear Breakthrough Challenge Board of Directors:

Many thanks for your ongoing support of the Abramson Cancer Center. Once again, the Breakthrough Bike Challenge brought together volunteers, cyclists, and spectators for a tremendous cause. With each mile pedaled and every incline conquered, these amazing riders helped to accelerate innovative research that will have a profound impact on cancer treatment and care. This is always such a dynamic event, and I deeply appreciate your commitment to this essential work.

Sincerely,

A handwritten signature in black ink that reads "J. Larry Jameson MD PhD".
