KEEPING IT SAFE & FUN FOR EVERYONE

Walk for Weims is designed to be flexible and low-pressure, but a few simple guidelines help keep things positive for both people and pups:

- Always keep dogs leashed and under control
- Only participate in group settings if your dog is comfortable around others
- If your dog becomes reactive or stressed, it's perfectly okay to step away
- Choose safe, public locations like parks or walking trails
- Avoid sharing personal phone numbers or home addresses on flyers
- If you'd like to connect with others, consider using a general email address

Every participant is responsible for their own walk experience and surroundings.
