

Earth Day 5K & Fun Run at Patterson Park

April 18, 2026 | 8:30 AM

Lace up and give back at the first Earth Day 5K & Fun Run in Patterson Park—a joyful celebration of community, sustainability, and Baltimore’s best backyard.

This new springtime event combines a chip-timed 5K and a 1-mile Fun Run & Kids’ Dash with Earth Day festivities and hands-on volunteer opportunities. Participants are encouraged to show off their creativity by dressing as their favorite park animal or Earth Day-inspired character, adding a playful, family-friendly vibe to race day.

The race kicks off at 8:30 AM and flows into a post-race celebration with breakfast, followed by volunteer activities throughout the park. If desired, runners can join in with of our huge team of volunteers caring for the park—from tree planting and weeding to trash pickup and cleaning the iconic Patterson Park Observatory, there is something for everyone.

All proceeds support Friends of Patterson Park’s stewardship programs, which mobilize volunteers to care for this important historic and beloved green space year-round.

With runners, walkers, families, volunteers, and community partners all in one place, this event offers sponsors a unique opportunity to align their brand with environmental action, community pride, and healthy living—while having lots of fun along the way.
