

Feel the difference a peaceful night can make—less pain, more comfort, and mornings that start with a smile.

About Kneez Peace® Pillows

Designed for side sleepers – Supports optimal alignment of hips and spine and all-night comfort.

Soft, cloud-like feel – Lightweight memory foam with a contoured center and ribbed leg channels for gentle knee and leg support.

Full-length support – 14" ribbed leg channel evenly distributes weight to reduce pressure on both legs and promotes better blood flow.

Pain relief made simple – Helps ease sciatica, back pain, hip discomfort, and supports post-surgery recovery.

Stays in place all night long – No annoying leg straps as the leg channels and center circular depression keep the pillow in position.

Eco-friendly & safe – Made with Ecoflex® memory foam: zero VOCs, zero ozone impact, and EPA SNAP compliant.

Made in the USA – Proudly manufactured in Manitowoc, Wisconsin.

We proudly donate \$1 for every pillow sold to St. Jude Children's Research Hospital.

Our Mission

To manufacture and provide the most comfortable knee and leg cushions for side sleepers of all ages. To make our cushions attractive and fun so people will become side sleepers. Our goal is to have our customers claim they will not sleep without one of our cushions.

What Sets Our Pillows Apart

"The key difference that makes our pillows better than the rest is that our leg channels have raised foam ribs or scales where your legs will rest. Flat surfaces cause discomfort after prolonged use.

Our leg channels are shallow to prevent your legs from feeling like they're in a vice like other u-shaped pillows can. Our Ecoflex® brand memory foam is very soft yet strong and durable, and is also environmentally friendly."

Slim

Thick

KNEEZ PEACE® COVERS

Removable covers made from 100% polyester — machine washable (cold), tumble dry low, no bleach.

Available in **multicolor** or **red, white & blue** designs. All pillows come with a clear carrying case for travel.

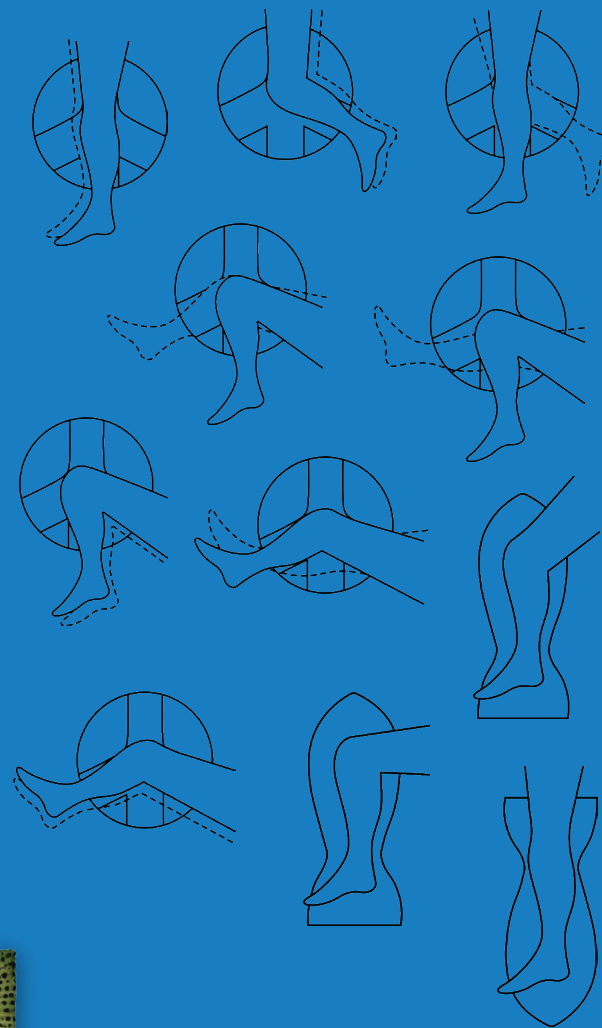

NEW! SEA-LEG PILLOW

At 30" long, 12" wide and 3" thick, this one-size-fits-all fish is made to hug every leg just right—keeping your ankle bones from rubbing together. The concave shape of the fish keeps your legs in place and the raised foam scales provide superior comfort.

Choose between Rainbow Trout and Cartoon Fish covers.

Our patented design offers the most leg positions of any knee pillow on the market.

Say goodbye to restless nights and wake up free from discomfort—ready to move, live, and enjoy life without limits.
