Texas Off-Road Series 2026 Series Guide

INTRODUCTION

We're excited to announce the third season of the Texas Off-Road Series, a collection of mountain bike races in the Houston/Austin/DFW regions of Central Texas. Brought to you by the organizers of WORS, America's Largest Off-Road Series, the aim of TORS is to offer riders of all backgrounds and abilities a competitive, fun, and family-friendly environment to test their skills on Texas's finest trails.

This series spans 5 weekends with 2 days of racing on each weekend (excluding the last weekend – Saturday only), maximizing your race to travel time equation. With 9 total races to earn points on these races will offer a great opportunity for all skill levels to advance. Each race weekend will feature multi-day Cross-Country style racing. Racers competing in the various disciplines will compete for category titles as well as the Series Overall title, while a series-long scoring championship will encourage participants to take on all five event weekends.

Reduced entry fees for kids comp, women's only fields, and discounted "beginner" racing all highlight the series' commitment to lowering barriers of entry and creating an inclusive environment for all.

Whether it's for the racing, the activities, the camping, the community, or simply just the vibes, we invite you to join us in 2026 and enjoy everything the series has to offer.

2. Expo

The Texas Off-Road Series will often host expos at its events. These are great opportunities to interact with people and brands that support mountain biking in the state of Texas. Centrally located will always be the Trek Tent, home to registration, results postings, and a hospitality lounge.

Standard Expo Hours:

Saturday: 10am - 6pm

Sunday: 8am - 2pm

On-Site Complimentary Water:

Free water is offered at all TORS events. You can locate the refill stations by viewing our venue maps, which will be published in the coming weeks.

Interested in being a sponsor or vendor? Get in touch with us at tors@trekbikes.com

Cross-Country & Gravel Category Descriptions:

Beginner: (All ages and genders) a non-series category for individuals looking for a casual initial experience of mountain bike racing. Race distance is approximately 3-5 miles on a beginner-friendly course. This is a fun, inclusive, and pressure-free category.

Kids Comp: (Boys and Girls, racing age 7-14) Racers in this category must be able to ride without direct parental supervision and should be able to complete a five-mile trail in less than 1 hour. Races for this category are typically 3-5 miles, with the winning time typically being approximately 25 minutes.

Citizen Men: (Boys and Men, all ages) A Citizen competitor shall be a new or recreational racer with limited riding time. It is designed to be a category for novice and beginner riders, with races typically being 8-12 miles in length. Winning times for most races are approximately 40 minutes.

Citizen Women (Girls and Women, all ages) A Citizen competitor shall be a new or recreational racer with limited riding time. It is designed to be a category for novice and beginner riders, with races typically being 8-12 miles in length. Winning times for most races are approximately 40 minutes.

Sport Men (Boys and Men) A sport competitor is an experienced racer of average ability. Races will be 12-18 miles. The Citizen and Sport Men will each ride the same course and the Sport Men will do one additional lap. winning time in this category will generally be approximately 70 minutes.

Sport Women (Girls and Women, all ages) A Sport competitor is an experienced racer of average ability. Races will typically be 12-16 miles in length. The Citizen and Sport Women will each ride the same course and the Sport women will do one additional lap. Winning times for most races are approximately 70 minutes.

Elite Women (Girls and Women) Participants in this category will race on the same course as Sport and Comp, with Elite riders doing one additional lap. An elite competitor is a seasoned racer with ample racing experience. Wining times for the Elite categories will be approximately 90 minutes, respectively. Elite Jr Girls (15-16 & 17-18) will race one less lap than the Elite Women.

Elite Men: (Boys and Men, ages 15+) Participants in this category will race on the same course as Sport and Comp, with Elite riders doing one additional lap. An elite competitor is a racer looking for the highest level of competition in TORS. Winning times for comp and elite will typically be around 90 minutes and 100 minutes, respectively. Elite Jr Boys (15-16 & 17-18) will race one less lap than the Elite Men.

Additional Category & Class Information:

In-season Category Transfers

If you want to move up or down a class throughout the season, you may do so, but series points will not transfer. Your points accrued in the previous class will remain. For example, if a Citizen rider chooses to advance to the Sport category after their second race, they will start their third race with zero points in Sport. However, whatever the number of points they scored in Citizen will stand for the remainder of the year.

To initiate an in-season category transfer, please see the Trek team at the registration tent at one of our events or email us at tors@trekbikes.com. We are happy to quickly facilitate these changes free of charge.

Advancing Categories Policy

TORS does not have mandating criteria that specifies when a rider must advance categories. However, it is strongly encouraged that any rider consistently placing in the top 10 overall or top 3 in their age class advance to the next category.

Category Size Policy

A class will be split in two when it averages 20+ riders throughout the entire season. For example, if Sport Men 40-49 had an average of 27.4 riders throughout the 2025 season, it would then be split into two distinct classes - Sport Men 40-44 and Sport Men 45-49 – for the next year.

STAGING

Staging for every category will begin 10 minutes prior to the start of the first wave. Riders are highly encouraged to be at the start line no later than 10 minutes prior to the start of their race.

WAVES

We will execute a grid setup – eight spots wide, and five rows back. In general, we will aim to start 3-5 rows (24 - 40 riders) per wave, taking total category size, course layout, and lap distance into account when making this decision.

Both the classes that make up each wave and the order the waves start in will most often be determined by average finishing times for each class.

CALL-UPS & START ORDER

Call-Ups will simply bring the highest ranked riders to the front of the starting line. We will call up the top 5 in every class, as ranked in the series standings at that point.

Most waves feature multiple classes. When this is the case, the order of operations will be to rank the riders according to their overall ranking within the full category.

For example, the elite men all start together in one wave. But in the elite men field, there are four different age classes. So the top five riders in each of these four classes will get called up (twenty riders total), but instead of calling them up 1-5 in one class and then another and so on, the twenty riders will get called up in the order of their overall placement within the category.

6. Results | Scoring | Awards

Results

RESULTS will be hosted on Race|Results. They will be linked through our [website](#).

ON-SITE RESULTS will be both digitally displayed and posted via paper copies in the Trek Tent. Results are live and can be viewed during the race or immediately thereafter via the links on the website. QR Codes will be available at the venue as well.

Series Standings will be available for viewing on our website. Please expect several days between races and standings being updated.

To challenge the results, or to identify a mistake, please report as soon as possible to the timing tent. Award ceremonies are held ~20 minutes after the end of the race, and awards will be final at that point.

Scoring

These point scales will apply for both age group and overall standings.

5 single-day races will count towards a rider's overall score in the cross-country racing series. Racers must race the series finale at Rally Ready Racetrack. For every additional race, a rider's worst performance will be dropped and replaced with a small amount of bonus points as follows:

- 6th race = 2 bonus points
- 7th race = 3 bonus points
- 8th race = 5 bonus points
- 9th race = 9 bonus points

Cross-Country Series Points Scale (Category & Class)				
1st place = 100 points	18th place = 66 points	35th place = 49 points	52nd place = 32 points	69th place = 15 points

Awards

The awards podium will consist of the top 5 racers in each class. Medals will be distributed to the top 3 riders in each class.

To be eligible for a series award, racers must have competed in the minimum of 5 single-day XC races, one of which is the final race at Rally Ready Racetrack.

Riders who don't meet the minimum number of races required will be removed from series award contention. For example, if the 5th place rider in the standings finishes with 300 points in 3 finishes, and the 6th place rider finishes with 290 points in 5 finishes, the 6th place rider will win the 5th place series award, assuming the 1st - 4th place riders all completed at least five races themselves. The rider with 300 points will maintain their results and position; they will simply just not be eligible for the series award.

2026 TORS Payout

Series prize payout will be awarded to the Series Overall top five (at Rally Ready) in both the Elite and Sport categories.

7. Volunteer Opportunities

Volunteer Opportunities

Our goal at TORS is to be the best organization to volunteer for in the world. By volunteering with us at Trek-owned race on a 3-hr shift, this is what you receive:

- Free race entry

If you're interested in volunteering, please reach out to tors@trekbikes.com with the race weekend you're looking to help with.

8. Media

Photography

- TORS has a partnership with Red Family Photography to capture photographs of the racing action which are provided free-of-charge to participants. A link to photos will be on our website [here](#).

Promotion Policy

- If you would like to promote your race recap or video project on our website, you may email us at tors@trekbikes.com.

Accreditations

- TORS will not offer any accreditations in 2026. Full access to the venue is available to everyone. If you are a member of the media or a publication and would like to get in touch with us, please send an email to romain.taupier@trekbikes.com.

Drone Policy

- Drones are not allowed at TORS events without the express written consent of the Series Director. This is for safety purposes. If you would like to obtain permission, you may do so by emailing tors@trekbikes.com.
- If you are caught flying a drone without prior permission, we will ask you to stop flying, regardless of whether or not you are licensed. If you are caught a second time, you will be asked to leave the venue. Being caught a third time in a single event weekend will result in a 1-year ban from TORS races.

**Texas Off-Road Series
2026 Series Guide**

9. Weather Policy

The nature of outdoor events over the course of several days in Texas throughout the fall means that weather will inevitably play an impactful role on our series. As such, we have developed a weather policy that aims to better define and increase the transparency of our decision-making process. This policy has been developed with safety in mind above all else; to a lesser degree, we will also take into consideration potential damage to trail systems and venues. While decisions will often be borderline and very difficult, we will firmly stand by our decision to err on the side of caution.

The Texas Off-Road Series reserves the right to cancel any event, at any time, due to what we deem to be inclement weather. The Series Director is responsible for the decision regarding the cancellation of a race, altering start times, and/or the abbreviation of laps. This person will work in direct collaboration with the Land manager(s) to determine the best course of action. Whenever possible, decisions will be made in a timely manner. However, the nature of fall time weather in Texas means some decisions will need to be made very quickly.

COMMUNICATION & UPDATES

- Rapidly changing weather conditions might mean decisions have to be made on a moment's notice, including the following events:
 - Race delay or cancellation.
 - Race is being abbreviated or shortened.
 - Race is on as scheduled but potential weather is imminent and delays are possible.
- In circumstances where the race is already ongoing and a decision is made to adjust, shorten or outright cancel, a race official will be standing at the lap/finish line communicating the latest news with a loudspeaker. Riders are obligated to slow enough to understand this messaging, even if it is an adjusted or shortened race that will continue.
- In extreme circumstances where riders need to be evacuated from the course quickly, a marshal at a course checkpoint may direct riders to exit the course and take a shortened path back to the start/finish area. Once again, if a marshal is in the course and providing direction, a rider is obligated to slow enough to understand this messaging and follow the directions.

RAIN

- Unless torrential, rain itself will not postpone a TORS event. If in the days preceding an event, it has rained in excess of 2 inches (Thursday and/or Friday) TORS will consult with local venue officials and determine if a course adjustment is necessary. Participants will be notified of any course changes via social media and/or email updates.
- If rain falls during a race and is not accompanied by thunder or lightning, the event will continue until completion.
- If rain is falling and the event is set to begin in a matter of minutes or hours, a decision on whether or not to adjust or shorten the course will be made as soon

Texas Off-Road Series 2026 Series Guide

as possible and communicated with riders via social media and/or email updates and via PA announcements.

THUNDER & LIGHTNING

- Unlike rain, thunder and lightning will always delay or postpone a TORS event. If there is lightning within a 15-mile radius (or 25-mile radius and coming straight in our direction) all racing will be delayed for at least 30 minutes and all riders will be asked to seek shelter in their vehicles or indoors.
- If thunder is heard in the vicinity of the event area, but is not accompanied with lightning, all racing will be delayed for 15 minutes and all riders will be asked to seek shelter in their vehicles or indoors.
- For events that are ongoing, riders will get pulled off the course either at the finish/lap line or at a course marshal station. We will record riders' times as they exit the course, so that if the race is able to resume in a reasonable amount of time we can still track the race results. As reiterated below, we will do our best to forecast these storms so that pulling riders off the course is of absolutely last resort.

EXTREME HEAT

- If temperatures exceed 100 degrees and/or heat indexes exceed 105 degrees, TORS reserves the right to shorten racing.
- If temperatures exceed 110 degrees and/or heat indexes exceed 115 degrees, TORS races will be canceled. This will include morning and afternoon events, even if the races in the morning do not take place during the threshold temperatures.

PROACTIVE DECISION-MAKING

- While some storms are sudden, many are not. We will constantly monitor the weather situation, especially on weekends with inclement weather forecasted, and do our best to be proactive in our decision making. The longest TORS races last approximately 90 minutes, which is often enough time to know when incoming storms will hit. When possible, we will delay the start of races rather than start them on time only for riders to be pulled off the course.

REFUND POLICY

- For events that are canceled due to weather, no refunds will be offered.
 - This is standard across the bike racing event industry because the majority of costs associated with putting on the races are incurred many months before the event actually happens. We understand the frustration this causes, and do not come to this decision lightly. We will do our best to communicate this policy upon registration to reduce confusion.

2026 Series Guide**

10. Rules & Regulations

For especially relevant rules & regulations, please review the following list:

1. Racers shall complete the event on the same bicycle.
2. All repairs during the event must be completed by the rider themselves.
3. For safety, a rider that loses an essential part on their bicycle (seat, seat post, pedal) will not be allowed to continue the race beyond completing the lap on which their part broke. Riders may complete their lap and will receive a DNF.
4. Riders must work together when one rider is rapidly approaching another, whether the takeover is happening to riders on the same lap or if one rider is lapping another. Both racers are entitled to their positioning on technical single track, but the rider being overtaken must offer a pass within 30 seconds or at the earliest place on the course safe to do so.
5. Riders must stay on the marked racecourse at all times. Cutting the course by 10+ feet in areas with a clearly marked trail - regardless of course marking - will result in a 2-minute penalty.

Breaking any of these rules will result in a disqualification.

UNSPORTSMANLIKE POLICY:

If TORS had only one rule, it would be this: Please be respectful of people around you – both on and off the course. It's okay to be competitive - it's not okay to verbally abuse others. Please help us maintain a fun and inclusive atmosphere.

We understand that in the heat of racing words can get exchanged and emotions can flair. To a degree, this is part of racing. That said, the following behaviors are unacceptable at a TORS event and will not be tolerated.

- Swearing at other participants
- Physically pushing riders
- Verbally abusing others

Often, a challenging reality is that a complaint revolves around two individuals with two stories. In instances with no other witnesses, a rules committee will discuss the incident and come to a ruling. The ruling will then be explained to both parties, with follow-up offered after the event from the Series Director.

GENERAL RULES

Helmets - They are required at all times when on a bicycle, even when not racing. This will be strictly enforced.

Headphones - They are not allowed to be worn while pre-riding or racing. Please respect other participants and do not carry a speaker while you are racing.

Littering - Leave no trace! TORS has the privilege of holding events at some of the most beautiful venues in the state. Please help us keep them clean.

**Texas Off-Road Series
2026 Series Guide**

Dogs - At TORS, we love dogs! Unfortunately, not every event is able to accommodate pets. Please refer to Race Guide sections before the event so you don't have to turn around with your pup upon arrival.

Feed Zone / Hand-Ups – Hand-ups are not a crime! You are allowed to take hand-ups throughout the course. Please be respectful of others and go out of your way to ensure you aren't receiving a hand-up somewhere that will interfere with someone else's race. Doing this – even accidentally – will result in a strike for unsportsmanlike conduct.

HAVE FUN - We're hosting these events - and hope you're attending these events – because they're fun! This is our most important rule. Don't forget it!

11. New Rider Information

Are you new to mountain biking? Or perhaps just new to mountain bike racing? Either way, great! We're so glad you've found your way here, and we hope that you begin your racing journey with us.

The best thing to prepare for your first race will be to review the Series Guide. Below you will find additional tips and tricks to get you ready for race day:

Beginner Category - Remember that we have a category designed just for you! The Beginner race takes place on the easiest course of the weekend and usually is only 3-5 miles in length. It starts right away in the morning, so you don't have to worry about the pressure of other riders coming up behind you.

The Right Bike - There is no such thing! If you are on a mountain bike, you are on the right bike. You'll want to be sure your bike is in working order and safe to ride – if you aren't entirely comfortable with your setup, be sure to stop at the Trek Tent where our certified mechanics will be able to give the bike a tune up and give you additional tips and tricks to ensure your ride is a good one!

Clothing you should wear - (the short answer) is whatever you are most comfortable in. Many cyclists wear Lycra while they ride or race. This is entirely optional. The advantage to Lycra is its comfort and compatibility to hard mountain bike racing. What we wouldn't recommend are jeans, baggy pants (your pant leg could get caught in your chain) or sweatshirts. Worried about what you're wearing? The Trek Tent is your place - we'll give you the thumbs up on what's probably already a great choice of comfort and style, and hook you up with some other gear if you're still not entirely comfortable.

What you should eat - There's a million nutrition tips and tricks you can surf your way through. Our recommendation? Eat something fairly light two hours before your race (Oatmeal and light cereal are common, but really anything that you're used to is good) and then a Banana or something similar 20 minutes before start time. Drink plenty the day before, but trail off an hour or so before your event.

The last thing you should do: - After you've read our Series Guide, Race Guides, and all the YouTube videos your heart desires, you should then email our Series Director – romain_taupier@trekbikes.com. Introducing new riders to the sport is what we're all about, we want you to be able to meet someone who can offer personalized tips, and maybe even hook you up with some cool swag. The Trek team will make sure you get connected with the right people to ensure your first day racing is as fun as possible!

12. FAQ

- What's the deal with number plates?
 - You get one number plate, and one number plate only! No matter what you're racing, you'll always keep the same number plate once you have it.
- If I already have my number plate, am I required to stop by the registration tent?
 - Nope, you are free to skip the lines at the registration tent once you have your number plate. All waivers will be signed online and required before completing your registration. Remember that you must be a registered rider to take the start line; you will not be timed if you have not registered for an event and may be banned from future TORS racing.
- What if I get hurt or sick during the season? Can I still get a refund?
 - We have a No Refund policy, however, If you are hurt during the season or have family emergencies pop up please send us an email at tors@trekbikes.com.
- Why do you have a No Refunds policy?
 - In the mountain bike event landscape, no refund policies are mostly the industry standard. This is due to the fact that the vast majority of event expenses are incurred months before the events actually take place.
