TRANSFORM¹

CHANGING LIVES ONE CHILD AT A TIME

HELPING HANDS

Helping Hands provides assistance with food and shelter needs. Transform1 builds relational bridges into impoverished neighborhoods by meeting various needs and developing long-term connection. These inroads allow us to discover children who may be vulnerable to the call of the dark streets.

FREEDOM RESCUES

Transform1 relentlessly searches for children trapped in sex trafficking and brings them to freedom. In the pursuit of children, we are often given the opportunity to rescue adults out of sex trafficking situations too. We then remove them from harm, at times in collaboration with law enforcement. Trafficking looks different in each case, and each child's rescue is unique.

EMPOWERED PREVENTION

The exploitation of children will end when we reach at-risk youth before traffickers do. Transform1 works directly with children in classrooms and community settings, equipping them to understand the risks of human trafficking so they can better protect themselves and their peers.

SURVIVOR CARE

Trafficked and exploited children can only become truly free if effective aftercare is waiting for them. Transform1 is committed to providing spaces of holistic recovery for children. We provide care for survivors and journey with them as they are reintegrated into their communities.

WHEN YOU GIVE, YOUR DONATION WILL...

Provide a child recovering from trafficking with holistic care, journeying alongside them for as long as it takes.

Meet a young person's practical needs of food, healthcare, and education as they heal.

Break cycles and protect the next generation by resourcing parents and caregivers, including survivors who are becoming parents.

Support a survivor to access and succeed in higher education and employment.

Help a victim to seek justice against their traffickers.

Prevent trafficking by helping a child understand vulnerability, spot the signs of trafficking, identify healthy support systems, and learn skills they need to stay safe.

Respond to a child who may be in danger by going to meet with them, listen to them, give them resources, and help them understand if they've been victimized.

Equip a professional with an up-to-date and research-based child trafficking prevention curriculum, bringing it to youth in schools, juvenile justice and child welfare agencies, and other community settings.

LEVELS OF SPONSORSHIPS
