

The GREAT-ESCAPE

HUNT FOR THE CURSED TREASURE

HOW TO BEGIN YOUR ADVENTURE

Your 60-mile adventure is about to begin.

1

GET READY

You may download or print your Treasure Map and Adventurer's Satchel to use throughout your journey.

Both are optional, so you can experience the adventure however you choose.

2

UNLOCK YOUR ADVENTURE

Before logging your actual miles, log only **0.01 miles** in RunSignup.

This unlocks your opening message and officially begins your adventure.

The 0.01-mile entry is only used to unlock the start of your adventure. After that, log your actual miles as you complete them.

3

START MOVING

Walk, run, hike, or complete your miles however and wherever you choose.

Log your miles in RunSignup as you go.

Something new is waiting every three miles, with a few surprises in between.

4

PAY ATTENTION

Read each unlocked message carefully and record the items you collect in your Adventurer's Satchel. Some things may become important later.

Don't read ahead. Let the adventure unfold.

READY?

Log 0.01 miles and let the hunt begin.
