official race tee back!

“Forensic nurses are often a patient’s first point of contact after violence. They treat injuries, offer compassionate support, and empower patients to make informed choices about evidence collection and pursuing justice. Your support allows this essential work to continue by bringing healing, dignity, and hope to survivors every day. On behalf of our entire team, thank you for standing with us. Your partnership helps us sustain and expand the specialized services that change lives in our community.”
