# BENEFICIARY: COASTAL CONNECTIONS

Vero Beach Half Marathon and Sea Turtle 2 Miler benefits Coastal Connections, Inc. which was founded in 2017 to provide opportunities for people to create a connection with coastal wildlife.

The Founder, Kendra Cope, noticed a need and want from the Indian River community to provide interactive and educational programs that contribute to the protection of sea turtles and their coastal habitats. She found an amazing group of dedicated and motivated women to start CCinc and give back to our environment. CCinc and its numerous volunteers pride themselves on being innovative and having the ability to integrate and communicate science and conservation initiatives to diverse audiences. It's this quality that makes CCinc truly unique among Florida sea turtle conservation and environmental protection organizations.

Their mission is to protect coastal habitats by educating and connect people to the environment.

**EDUCATE. CONNECT. PROTECT.**
