no one turned away for  
inability to pay

Family Health Partnership Clinic is a nonprofit charitable clinic providing accessible healthcare to uninsured adults in McHenry County. Patients pay a minimal fee if able — but no one is ever turned away due to inability to pay.

### Why it matters right now

Healthcare costs are rising dramatically. More of our neighbors than ever are uninsured, delaying care, and making impossible choices. FHPC is their safety net — and we run entirely on community support. Pedalpalooza is one of our most important fundraisers of the year. Every dollar raised goes directly towards patient care at our clinic.

Local event, local nonprofit, local businesses all helping local people have access to care.

# EVERYONE DESERVES HEALTHCARE.

Pedalpalooza exists because our neighbors deserve access to care —no matter what. Every dollar raised keeps Family Health Partnership Clinic's doors open for uninsured adults right here in McHenry County.
