Paragraph

Why I Am participating in the Zurich F.A.S.T. Walk For Cancer Challenge

For the first time in history, the American Cancer Society's mission is at risk - including their ability to fund cancer research. The American Cancer Society needs to be here to help patients face cancer with comprehensive support, but they need our help to be able to do so. Every dollar will truly make a difference right now.

Taking part in this event gives me the chance to make a difference and honor those touched by cancer by raising funds for groundbreaking research and services for people dealing with cancer. I'm also participating to inspire hope for those facing the disease and raising money for the American Cancer Society's event to help save lives from cancer. I hope you'll consider signing up too.
