

Tournament: Club Championship

Tournament Dates: 2026 Season

Tee Time: To Be Determined

Entry Fee: \$25

Deadline: April 10th, 2026

Hello Duffers,

This is our Club Championship entry form. The Club Championship is a match play format tournament held during the season. Starting at our April 15th Tournament at San Ramon, players whom have signed up will have a match every tournament. Exception is during the President's Cup Tournament in May, there will be no match's. Prize's will be for the top 4 places.

Players will be entered into the NCGA's Blue Golf program and seeded automatically by their index. Please note that depending on the number of players, there might be by's given to players until the numbers are correct for bracketing.

For those that are not familiar with match play, it's a hole by hole match. Handicap strokes are determined by the lower index player. So if your opponent is getting 10 strokes and you are getting 15 strokes, you will get a stroke for the 5 hardest holes. At the end of the round, who ever has won the most holes is the winner of the match. If the match ends in a tie, play hole #18 again for the tie breaker. If that is not possible players must decide on a tie breaker (Putt off, Flip a Coin or mach back 9's. Something to that effect)

If for any reason you can't play your match during our monthly tournament, you can makeup your match by scheduling to play your opponent before our next tournament. But your match must be completed 10 days before the next tournament.

Tee	Yardage	Rating	Slope
