**Testimonials...**

“The organization sent a check for my electric bill and I am so relieved to have one thing off my mind!”

“Keep up the amazing work...you make such a difference in so many people’s lives!”

“a safety net for countless families that have a child with a life threatening, chronic or terminal illness...as a result of their generosity, parents can focus on what is most important; caring for their child.”

Research & Financial Hardships

# Our Mission

Team Children's: Never Give Up Ever mission is to provide money for research for childhood diseases that are terminal or chronic in nature and to provide financial support for families who are experiencing serious financial hardship related to having a child with a chronic illness, terminal illness or life altering event in their lives that requires long term medical care at UVM Children's Hospital. Support for these families may include, but is not limited to; gas cards, meal cards, money for lodging and inevitable related expenses due to the loss of wages and overwhelming medical bills during inpatient hospitalizations and outpatient appointments.

## THE START....

*2 boys with big hearts and the desire to fundraise to help those more in need than even themselves and their families.*

Dustin and Jack were diagnosed with Neuroblastoma as young children. Between the two boys, they underwent treatment all over the world. The staff and community around VT embraced these boys and their families and wanted to continue their efforts even after their terrible disease had taken them. Jack's famous "Never Give Up, Ever" quote was able to stay alive in the community in which he touched so deeply. It is with their passion and drive that we continue to move forward in raising money for research and helping families during the most difficult times in their lives.

## "Every Mile for a Child."

Community members have come together to support our families at UVM Children's Hospital, through continuous fundraising efforts, the largest effort being the VT City Marathon. The team has grown tremendously over the last few years, which means fundraising efforts are multiplying year to year. We aim to support as many families as possible through referrals from the social work team at UVM Children's Hospital. Each request is given careful consideration, and if the referral has been accepted, checks are written directly to the financial institutions in which they are owed in a timely manner.

## Join the Team....

\*Run

\*Fundraise

\*Cheer

**Anyone and everyone are welcome!**
