

On June 20, 2009, at five months old, our daughter, Emily, went down for her afternoon nap and never woke up. Her cause of death was determined as Sudden Infant Death Syndrome (SIDS). She was a healthy, vibrant, happy baby. Her red hair was always waving in the wind, earning her the nickname "Emily Peacock".

On March 4, 2017, we will host the 8<sup>th</sup> Annual Peacock Strides for Babies, in memory of Emily, and to benefit the CJ Foundation for SIDS. Funds raised will support SIDS research in the hope that the cause of SIDS deaths can be identified and prevented. The *Peacock Strides for Babies* is a 5K Run (Timed) and a 1-mile Family Fun Run held in Mauldin, SC. The day also includes kids' activities and a silent auction.

SIDS is the leading cause of death of infants one to twelve months of age, killing an average of 2,500 babies a year in the US alone. A SIDS diagnosis is given when an autopsy reveals no distinguishable cause of

death. While research is ongoing – more needs to be done to uncover the mystery of SIDS and save babies.

In the eight years since Emily died, research strongly suggests a biological cause in a babies serotonin levels as a factor in SIDS deaths. In the past year, the President signed a bill into law that requires all infant death investigations to be handled and labeled consistently so that we can look for patterns and find more answers. The CJ Foundation for SIDS was a leading supporter of both the research and the efforts to get this law into effect. This means that your contributions over the past five years has directly contributed to these efforts as well.

Over the past seven years, our amazing sponsors and race participants have helped raise over \$260,000 for the CJ Foundation for SIDS, but babies are still dying from this mysterious killer, so we are asking for your help again. We are asking for your help in making this event as successful by becoming a sponsor, and/or making an in-kind donation of products or services. Please see the enclosed sponsorship form.

There is not a day that goes by that we don't think about and miss our precious Emily. We will always wonder what she would look like now and how she would act. We will never get the chance to know. What we can do is work to find a reason behind SIDS deaths. No parent should have to bury their child.

Thank you very much for your support of this event and of all the families who have faced the tragedy of losing a child.

Sincerely,
Matthew, Jodi, Natalie & Nicholas Ware
