

SPONSORSHIP BENEFITS

The Warrior in HER is a local 501(c)(3) non-profit, organized and managed by women in our community battling chronic illnesses and mental health conditions. Formed in 2021, the Warrior in HER strives to promote awareness and understanding that allows women battling health conditions in our community to be supported and heard. Additionally, we are creating programs that improve quality of life for women diagnosed with these conditions and that tackle social determinants in health women in our community are facing.

The Warrior in HER

Dear Community Partner,

May 20th, 2023

The Warrior in HER is a 501(c)(3) nonprofit organization providing emotional support, financial assistance, starting to research, and building programs that support women diagnosed with mental health conditions and chronic illnesses living in Mercer County. It was founded as a way to improve women's health by women warriors in our community who are battling these conditions during the pandemic and following it.

Founded in 2021, our organization aims to help women in our community battling preexisting conditions as we navigate social determinants in women's health and new problems brought on by the pandemic. Statistically, women have higher morbidity rates than men both in terms of mental health conditions and chronic illnesses. In Mercer County, women with these conditions have reported a lack of support and understanding especially since the pandemic.

We are asking for your support to enable the Warrior in HER to continue building programs, researching, and supporting women in our community diagnosed with these conditions. Please consider sponsoring our second HER Walk for Women's Health on Sunday, September 17th, from 9:00 a.m. to 2:00 p.m. at Buhl Park in Hermitage. All donations are 100% tax-deductible.

Your support is vital to our mission and ensures we can improve quality of life for women in our community diagnosed with these conditions while reducing social determinants in health that continue to impact women's health in our county.

With Gratitude,

Reganne O'Brien

HER
WALK

SPONSORSHIP OPPORTUNITIES

Spread the word about your business or organization and help us bring smiles to over 250 participants who will be coming together for the 2nd annual HER Walk benefitting the Warrior in HER's various programs for women's health in the community. People throughout the Western Pennsylvania and Eastern Ohio region will be gathering to celebrate women warriors overcoming mental health conditions and chronic illnesses with their friends and families on Sunday, September 17th, 2022 at Buhl Park in Hermitage, PA.

This walk is an amazing opportunity to promote awareness and acceptance for women in our community battling chronic illnesses and mental health conditions. We anticipate a minimum of 250 participants for our second ever HER walk. The HER walk is more than just a walk- it is a special event where women in our community battling mental and physical health conditions can connect, share their stories, and be empowered. This event will give our community a chance to improve and celebrate women's health. Proceeds of the HER Walk will help the Warrior in HER accomplish our mission of reducing social determinants of women's health and improving quality of life for women in our community battling mental health and chronic illnesses.
