RUN FOR EDUCATION 5K 2024

SPONSORSHIP PROPOSAL

The Event

This is the first-ever Run for Education 5k/Kid's Fun Run in support of clubs at Marysville High School and Marysville Early College High School. DECA members are organizing the event, which will be held in Marysville, Ohio, on Saturday, December 14th, 2024, at 9 a.m.

What is DECA?

DECA is a business organization that prepares emerging leaders in careers such as marketing, finance, hospitality, and management, in high schools and colleges worldwide. DECA is aligned with Career and Technical Education (CTE) activities in the classroom to help support students in professional development and career readiness. Our members compete against other students internationally in business events such as projects, case studies, roleplays, and virtual business. They meet with various business professionals who grade their performance and give feedback to help improve their skills for the future. The Marysville High School chapter has over 80 members!

What You're Supporting

Your sponsorship of the Run for Education 5k will help local students by creating more opportunities for them within our high school clubs and organizations.

What's in it for You?

All sponsors will gain community publicity. All will be included on the event shirts and social media marketing. Additional benefits will be included for higher-level sponsorships, as listed on the next page.
