

Berkeley Heights Gobble & Go 5K 2026

Berkeley Heights, New Jersey

START: [40.662371, -74.415474](#) | In the NE-bound lanes of Connell Dr, on the E side of the intersection with the road running N-S on the E side of the Embassy Suites building (250 Connell Dr). Note: said intersecting road is not the curved entrance driveway. Even with the leading (SW) tip of the center divider at the trailing (NE) side of said opening. Please see the Start Detail Diagram.

TURNAROUND: [40.665980, -74.409884](#) | On Connell Dr, near the center of the final opening in the center median before (SW of) Oak Way. 25'1" past (NE) of the trailing (NE) tip of the center divider island at the leading (SW) side of said opening. Please see the T/A Detail Diagram.

FINISH: [40.664322, -74.414171](#) | On the roadway running SE on the E side of building #200 Connell Dr. Just past (SE of) the first (NW) entrance driveway for the lot on the SE side of the building. Even with the center of the first silver pole on the runners' right past said driveway and 5'5" past the trailing (S) edge of the storm drain in the entrance driveway on the runners' right (effectively the curb line). Please see the Finish Detail Diagram.

See Supplemental Pages for Start Detail Diagram, T/A Detail Diagram, Finish Detail Diagram, Detail Diagrams A-F, and Mile Mark locations

Green = Start to Mile 1 | **Yellow** = Mile 1 to Mile 2
Red = Mile 2 to Finish

Course Restrictions: Runners stay right of the center divider at all times on Connell Dr and in the Fiserv driveway. Runners use the sidewalk just before and after Mile 1—see Detail B and Detail C

USATF Certificate

NJ26035MNS
Effective: 10/27/2026
Through: 12/31/2036

Measured by Matthew Slocum (WA-A)
24 October 2026
matt@precisioncoursedesign.com

Except as noted, measured using the full width of the road and the shortest possible route

Due to construction and temporary concrete barriers near the SW corner of the intersection of Walnut and District, this is a **single-use certification** which must be remeasured upon completion of curb lines in said construction project.

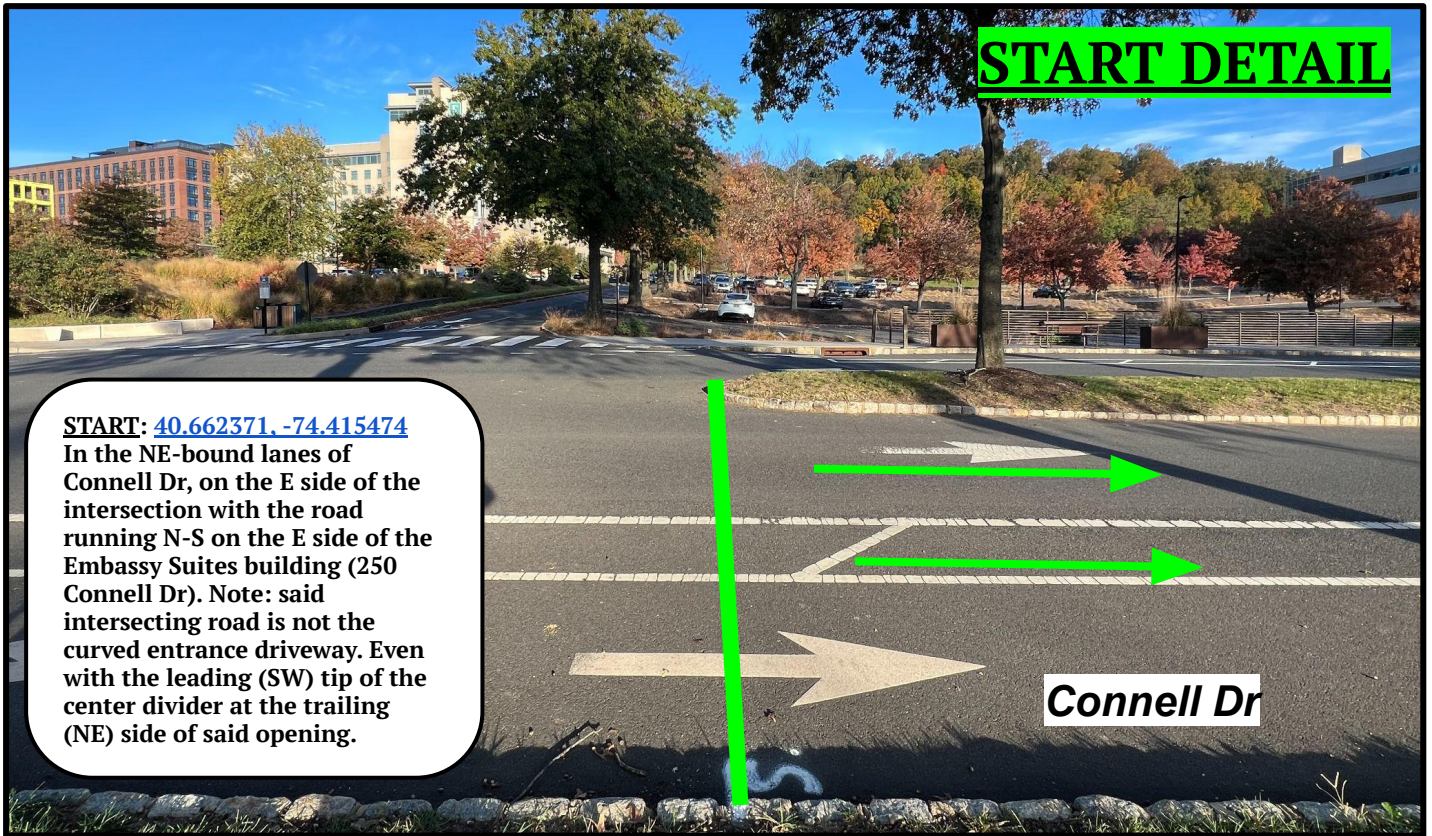

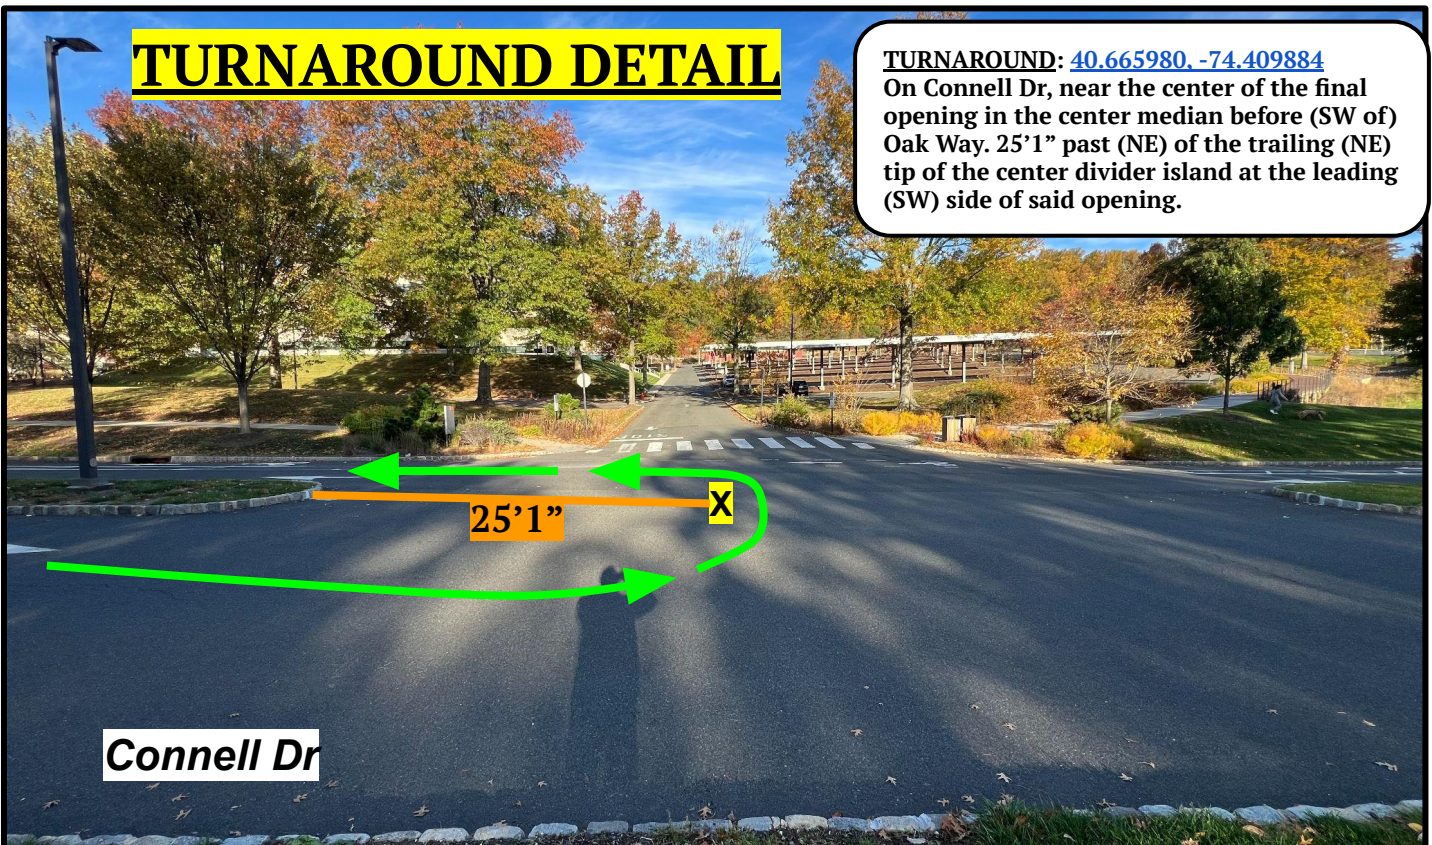

Detail E

Detail A

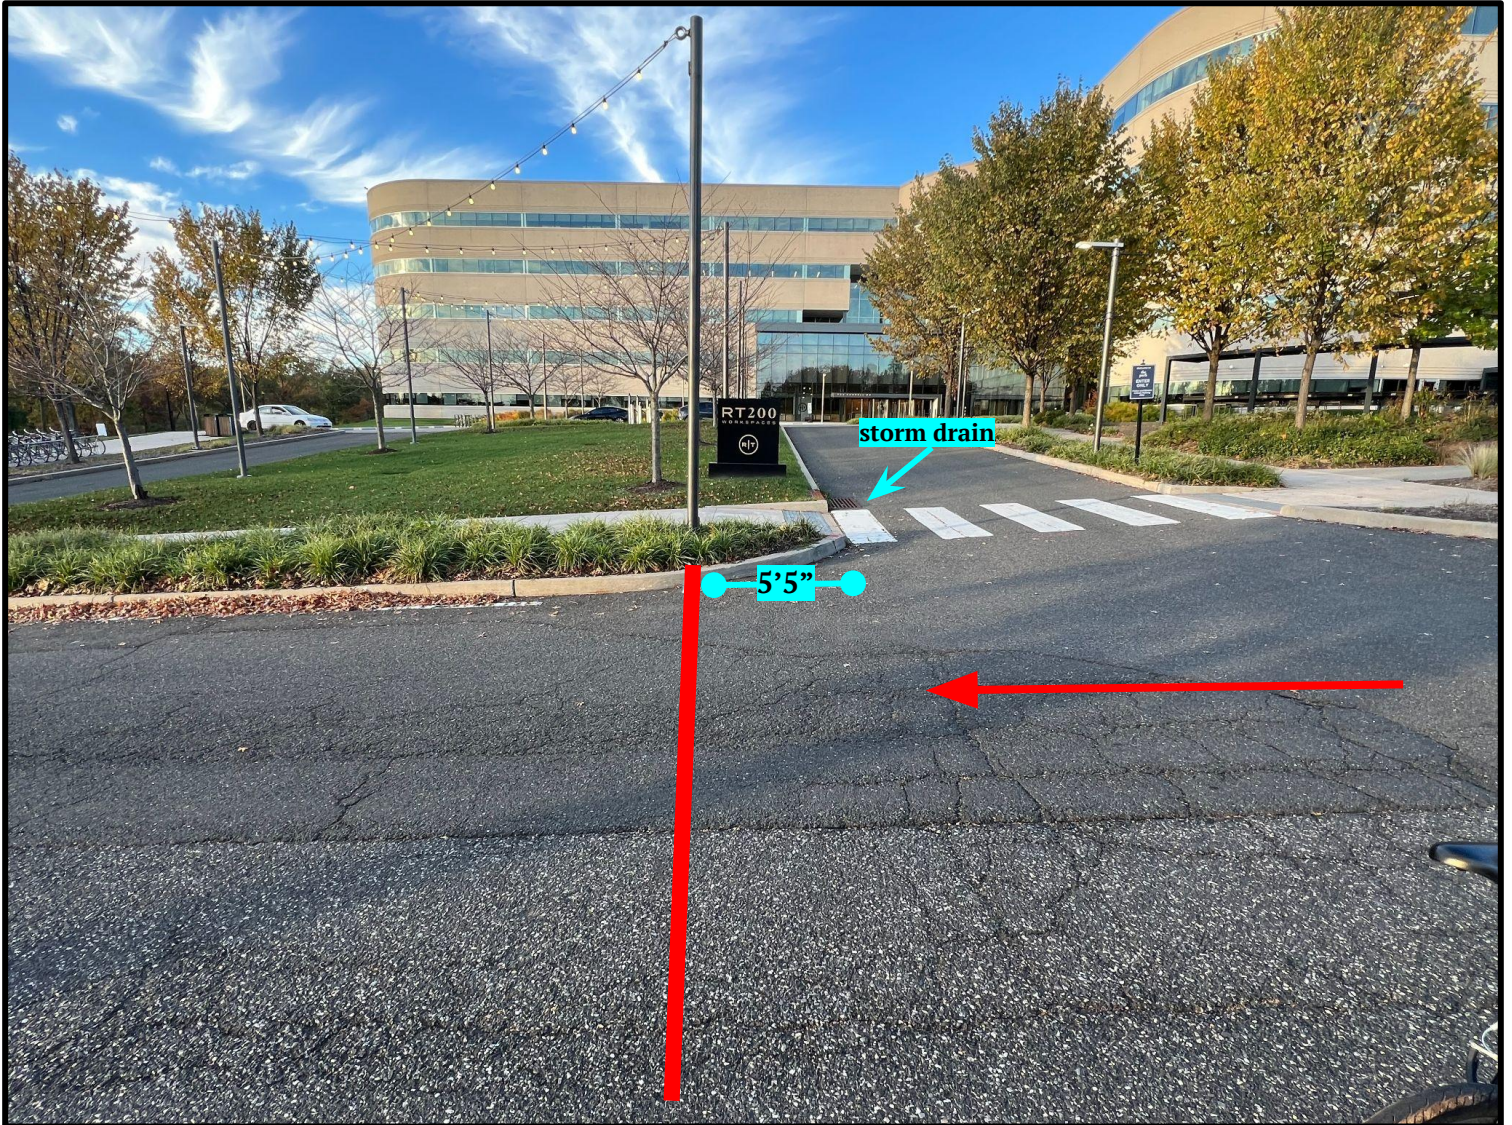

Participants run around the circle at the top of the Fiserv driveway

T/A is in the last opening in the center median before Oak Way, 25'1" past (NE of) the trailing (NE) tip of the center divider island at the leading (SW) side of said opening.

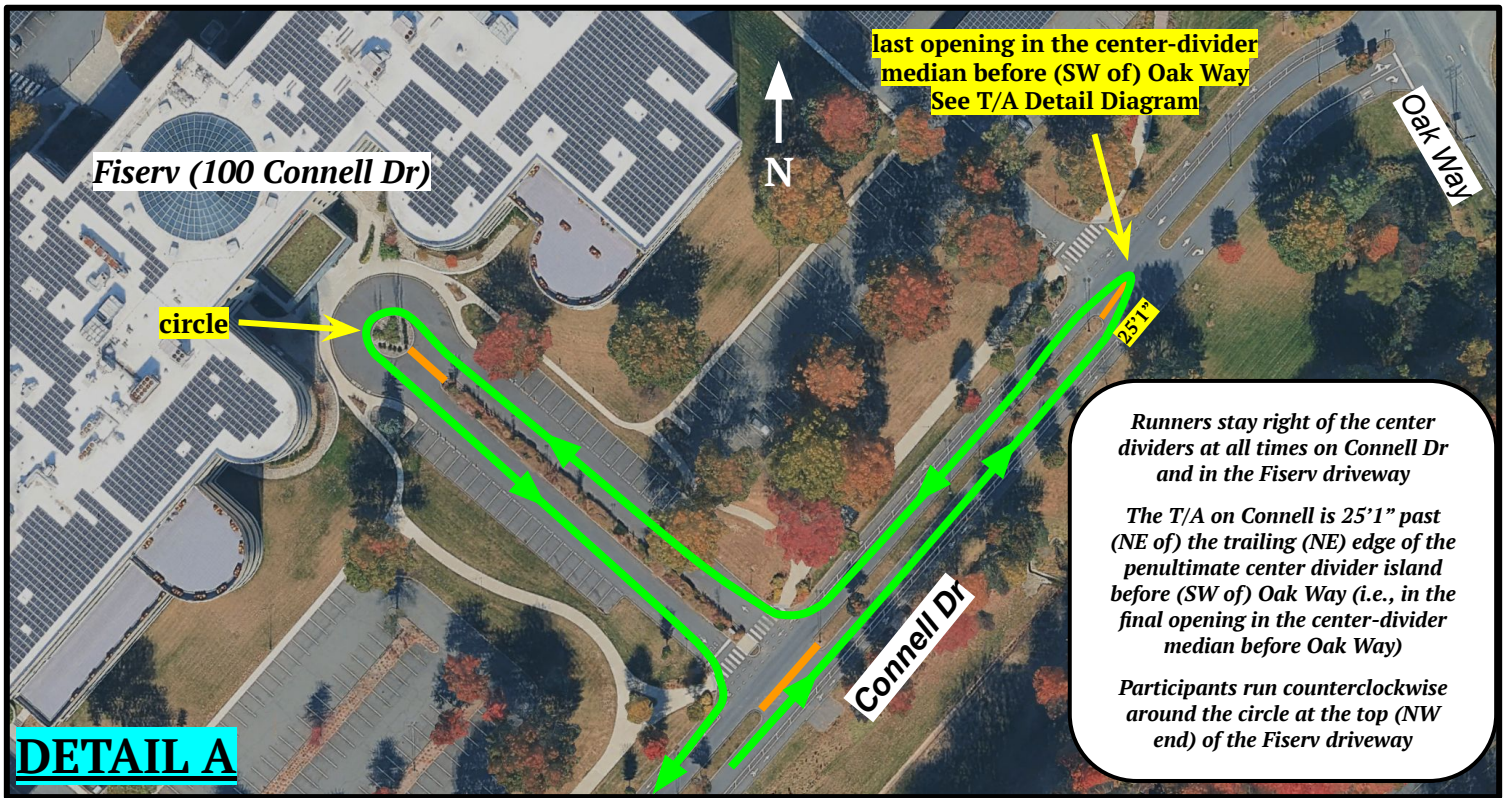

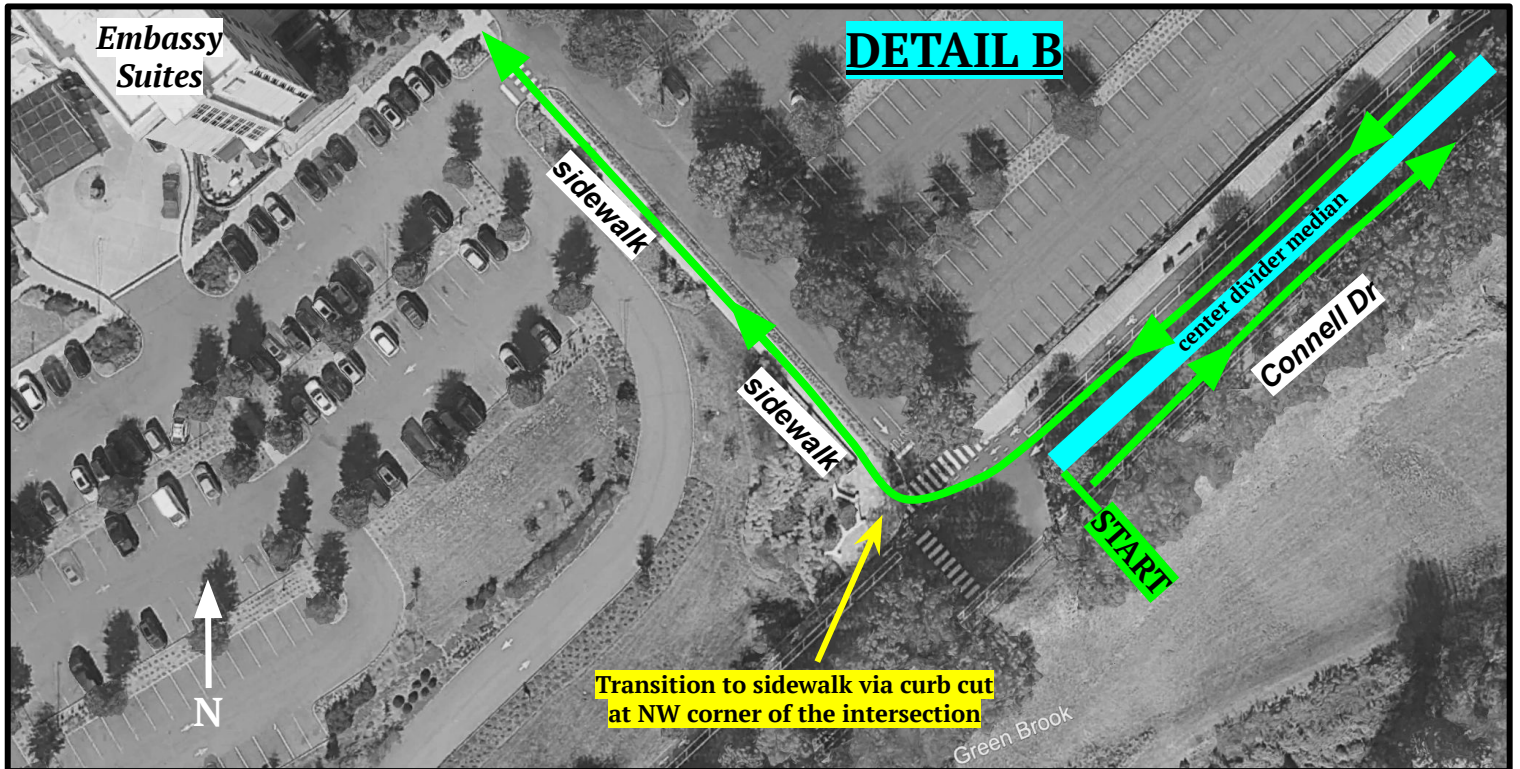

Course Narrative: Start running NE in the NE-bound lane(s) on Connell Dr (i.e., staying right of the center dividers). Turn around 25'1" past (NE of) the leading (SW) edge of the final opening in the median before (SW of) the intersection with Oak Way (See Turnaround Detail Diagram). Briefly run SW in the SW-bound lane(s) of Connell Dr, then turn right into the driveway for Fiserv (100 Connell Dr). Stay right of the center divider in said driveway and run to the top of the driveway, turning counterclockwise around the circle (See Detail A). Stay right of the center divider when running back down the driveway, then turn right to run SW in the SW-bound lanes of Connell Dr ("with traffic"/staying right of center dividers). Just past (W of) the Start Line, runners turn right onto the sidewalk via the curb cut at the NW corner of the intersection near the Start Line (See Detail B). Bear left on the sidewalk at the NE corner of Embassy Suites and transition to the parking lot at the first curb cut on the N side of Embassy Suites (See Detail C). Follow the routing as illustrated (See Detail D for parking lot at SW corner of the course), and transition to the paved path shortly after the 2-Mile mark. Follow said path NE and as it curves S. See Detail E for course routing off the path and Detail F for parking lot routing approaching the Finish.

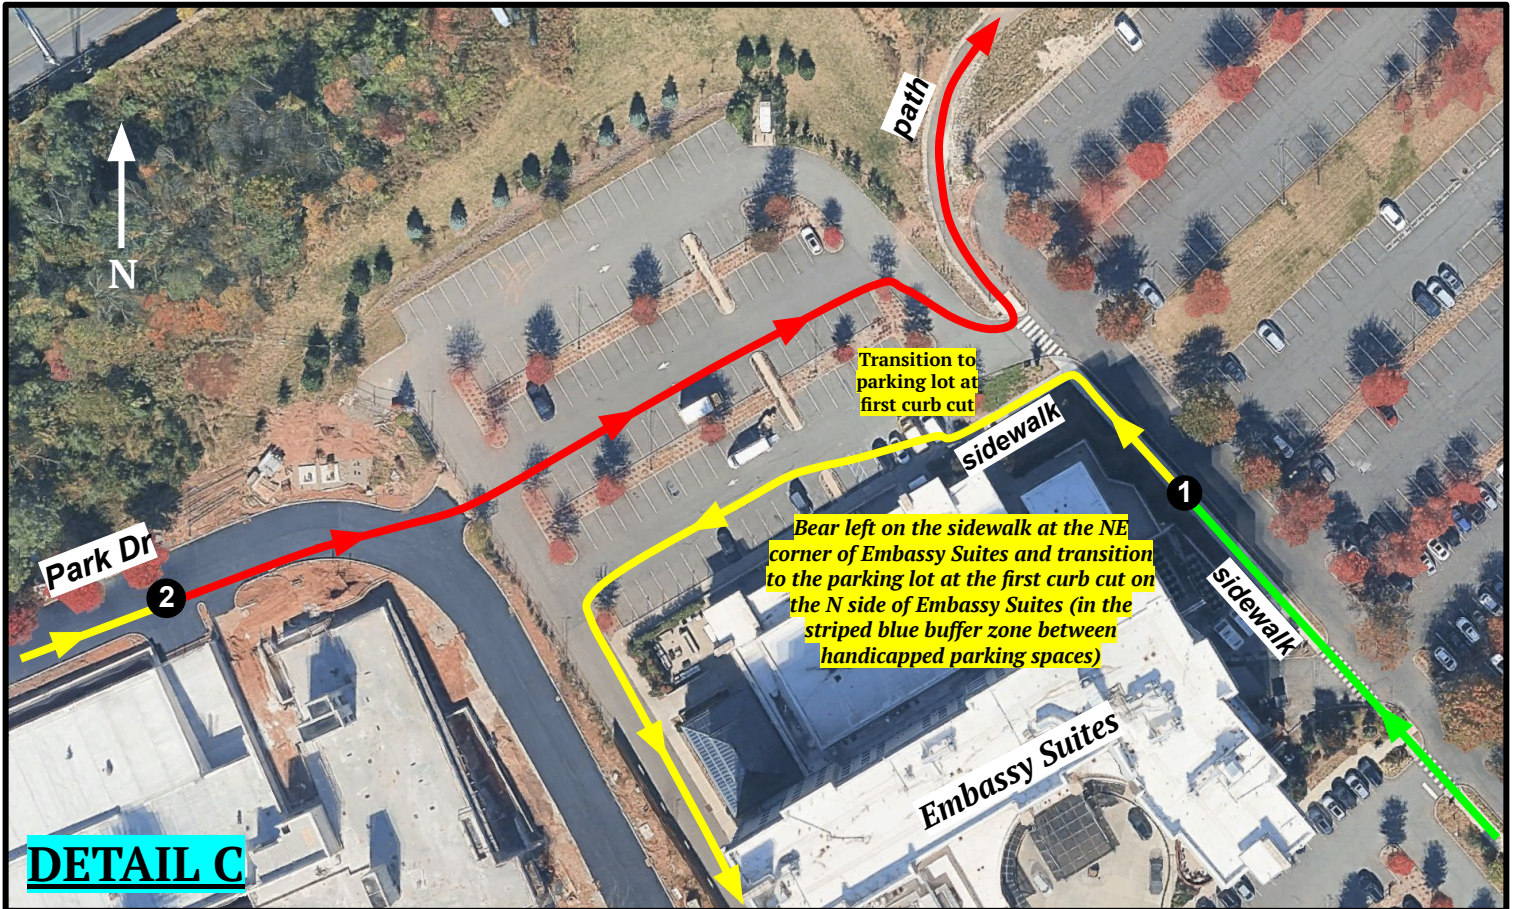

FINISH DETAIL

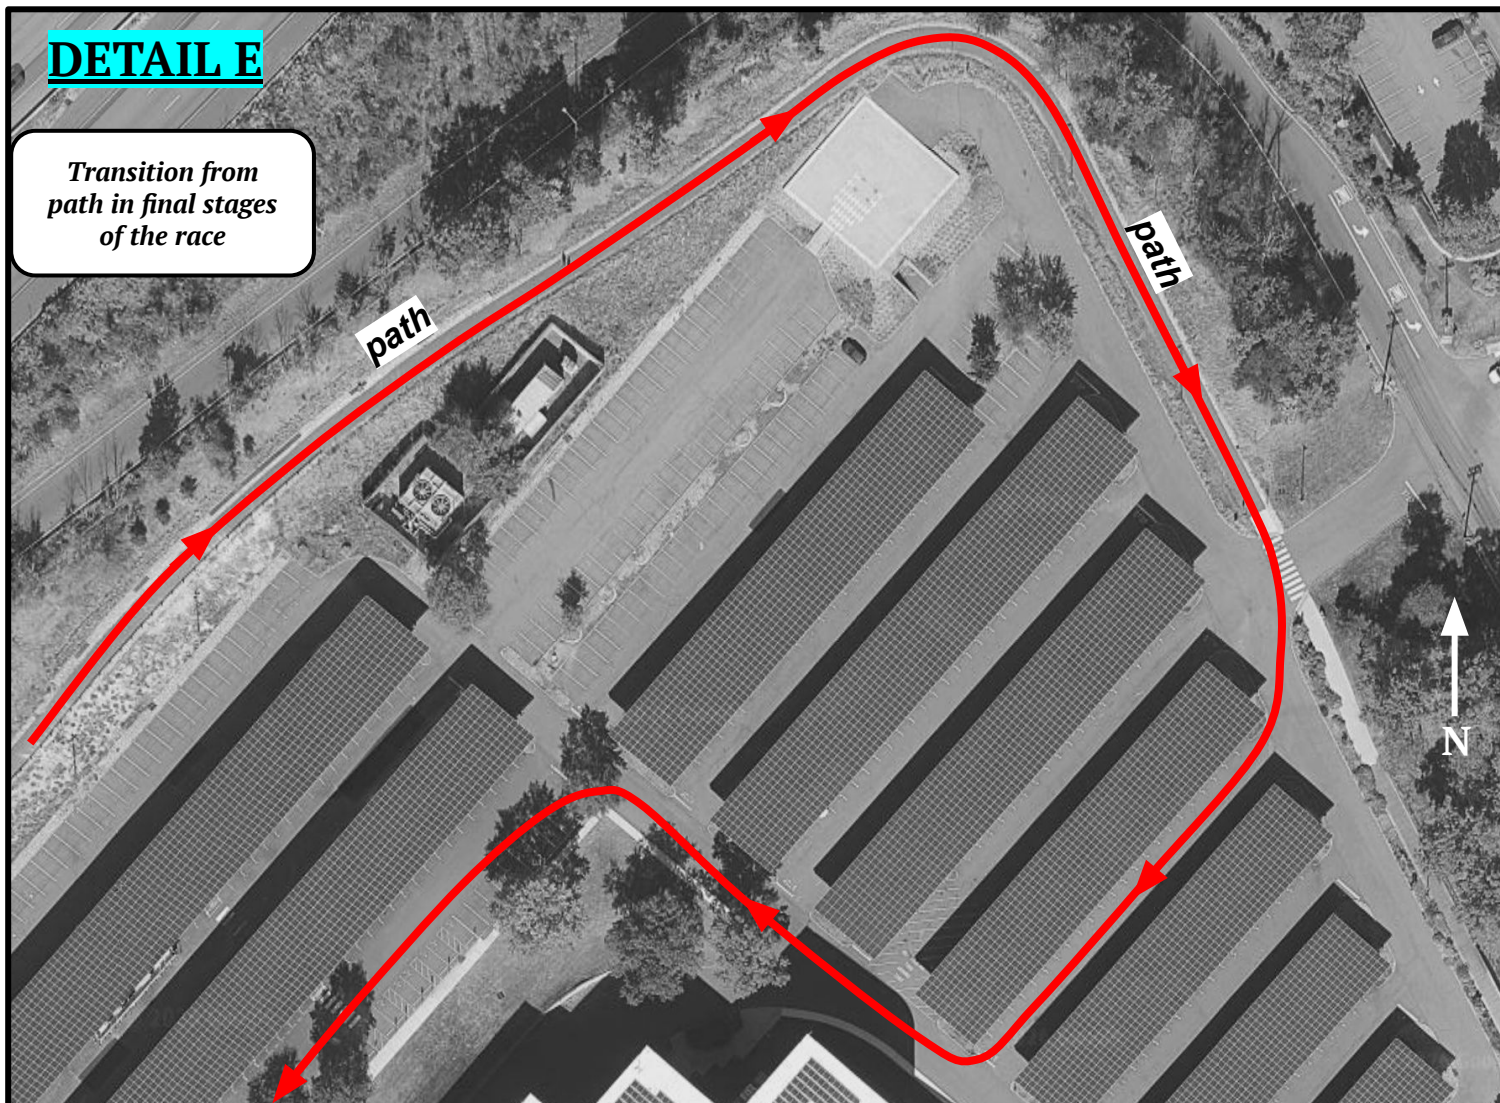

FINISH: [40.664322, -74.414171](#) | On the roadway running SE on the E side of building #200 Connell Dr. Just past (SE of) the first (NW) entrance driveway for the lot on the SE side of the building. Even with the center of the first silver pole on the runners' right past said driveway and 5'5" past the trailing (S) edge of the storm drain in the entrance driveway on the runners' right (effectively the curb line).
