Tape and Surveyor Flags

Since this is an all day event, and the trails are open to the public, we have decided not to put tape across the trail to block off trails. We will have hanging tape on the **RIGHT** side of the trail and surveyor flags at least every .05 miles. This should be mostly line of sight. In areas near corners, tape and flags will be more frequent.

Turn Signs

We have also put out turn signs. This course is very easy to follow with the amount of markings we have used.

We do not use many of these, but areas where your first instinct would take you the wrong direction, we have placed Wrong Way Signs.

Carpe Diem Carpe Noctem Club Competition

- All clubs, regardless of size, are part of the club competition.
- Awards go to the winning club
- All finishes count toward the 2026 Trivium Club Cup Competition

How Club Scoring Works at Carpe Diem Carpe Noctem

- All finishers earn 1 point just for completing the race, so the more runners your team brings, the more you score.
- Age group placement earns additional points, with top finishers scoring up to 20 points (1st place) and down to 2 points (for 16th–20th).
- Overall podium winners (1st, 2nd, 3rd) earn double their age group points—for example, an overall 10K winner scores 41 points!
- Volunteers are a huge part of race day too, earning 5 points each for their club.
