

3158 Estates Pl N, St. Joseph, MI 49085 (269)861-1698 www.thealexmandarinofoundation.org

Dear Friend:

We are writing to ask for your help in funding research for childhood cancer.

The Alex Mandarinino Foundation is a 501(c)(3) non-profit organization established in loving memory of our son, Alex, who passed away in July 2013 at 5 years of age from a rare cancer, neuroblastoma. It's through Alex's legacy that the foundation focuses on funding research for neuroblastoma and other under funded childhood cancers.

The 8th annual Alex's Duck Duck Run will be held on Saturday, June 19, 2021 at Margaret Upton Arboretum in St. Joseph. All proceeds from this event benefit The Alex Mandarinino Foundation and funds will be given to childhood cancer research. To date we have given over \$300,000 to research hospitals and families who have a child battling cancer.

Please help to make this year's event another memorable and successful one. The pandemic forced us to cancel fundraising events over the past year so donations and sponsorships are greatly needed. Together, with your support, we can bring the community together as well as raise funds for this very important cause. Your contribution means a lot.

Enclosed please find the details of the sponsorship opportunities. We appreciate your consideration and look forward to hearing from you soon.

Sincerely,

Tony & Katie Mandarinino
Foundation Co-Founders

SPONSORSHIP INFORMATION

One problem all childhood cancer patients face is the lack of money for research. Less than \$0.70 of each \$100.00 raised by the American Cancer Society goes towards childhood cancer research. That's all childhood cancers combined! Funding from the government is similarly limited.

All proceeds from the Duck Duck Run events will benefit The Alex Mandarinino Foundation, a 501(c)(3) non-profit organization dedicated to helping save the lives of children with cancer. Tony and Katie Mandarinino founded The Alex Mandarinino Foundation to honor the courage and strength of their son, Alex, who passed away at the age of 5 from the rare childhood cancer, neuroblastoma.

Pediatric cancer is notoriously underfunded and rare pediatric cancers get even less. We need your help to be advocates for these kids fighting rare cancers. We won't stop until better treatment options and better outcomes are created.

PRESENTING SPONSOR: \$2500

- Prominent logo or name on all promotional and publicity materials including: press releases, race applications, t-shirts, social media, website, etc.
- 8 complimentary 5K race entries
