

## **Earn rewards referring XXXXC Open to your friends!**

Help us spread the word about XXXXC Open!

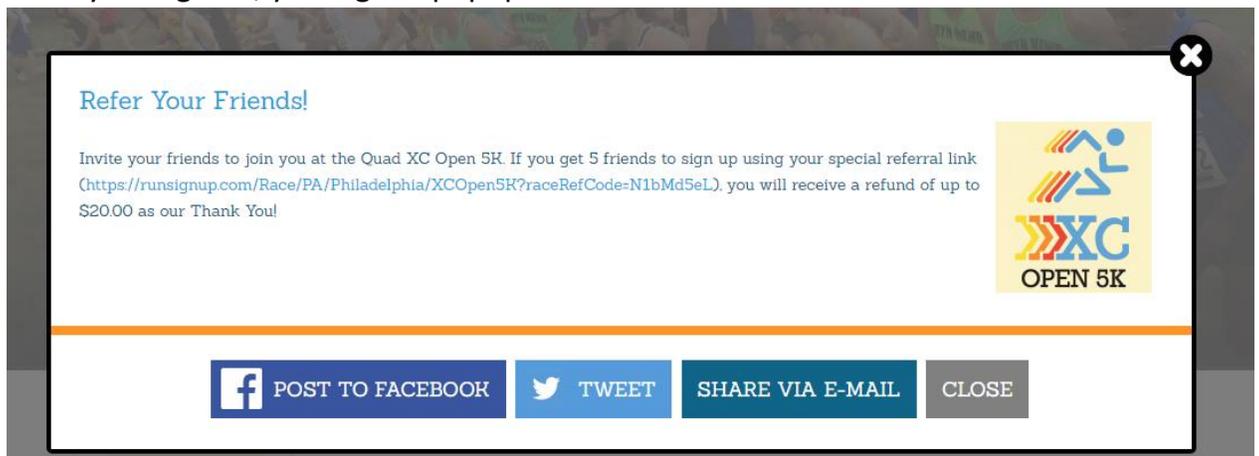

### **HOW IT WORKS**

All registered runners receive a unique link they can use to share with others. Use this to spread the word about the event. Encourage others to use your link to register for the race. Prizes will be awarded based on the amount of people who use your code!

### **WHERE TO FIND YOUR LINK**

Your unique URL can be found in three places:

- Once you register, you'll get a popup:

- Inside the confirmation email you received when you registered. It's located above the "Event Information" section.
- On your RunSignUp account you created when you registered. Go to your profile and select the "My Referrals" tab. From there, you can copy and paste the links provided, as well as see how many times your code has been used!

## **IMPORTANT REMINDERS**

It will only count as a referral if your link is used. If someone clicks on the link but then backs out of the page for any reason, the referral will NOT be counted!

If posting the link on social media, be sure to renew it weekly so it stays current on everyone's timeline.

You must share your entire URL link (not just the referral code) in order for it to count!

## **WHERE TO SHARE YOUR LINK**

Anywhere it might be seen! Post your link on Facebook, Twitter, in your Instagram bio, or email it to your friends/family/co-workers! The possibilities are endless!

**Pro Tip: Use the icons below your link to easily share it via email, Facebook, or Twitter!**

## **REWARDS**

You will receive a \$20 refund (back on your original payment method) of your registration fee!
