  - Laurel Bluff Trailhead (Church St) – mile 14.6 – 2:46pm
- 40M: *12 hour time limit* (18:00 minute per mile pace)

## **Drop Bags Info for 40 Mile participants (excluding Relay Teams):**

- 40 Mile Runners will have the option to pack 1 Drop Bag that we will provide at packet pickup. You may drop off your Drop Bag on race day. Mark your NAME and BIB # clearly on your bag. You can pack any special food you will need, a change of clothes/shoes and/or a headlamp. The drop bag will then be taken to Aid Station #7/8 at **7:45am**...which you will pass twice – once at mile 18 and again at mile 23.3.
- Please note, we will bring these bags back to the finish line periodically during the race.
- Relay Teams will not be provided with Drop Bags.

# Course Markings

- This course is marked with surveyor flags, signs, tape, and volunteers where needed.
- On the parts of the course shared by the 40M, Marathon, & Half marathon, athletes will see **BLUE surveyor flags and tape** on the RIGHT side of the course.
- At the first split, Half marathoners will continue following the **BLUE** surveyor flags to the finish; while 40M & Marathoners will begin following **ORANGE surveyor flags and tape** on the right.
- At the second split, Marathoners will turn left on Church Street and follow the **ORANGE** markings to Reedy Fork Trail. Marathoners will pick up the **BLUE** markings once they get on the greenway to head back towards Owls Roost Trail and head toward the finish; while 40M'ers will follow **YELLOW surveyor flags and tape** towards Crockett, Osprey, and Townsend Trails. Once 40M'ers make their U-turn on Townsend Trail, they will make their way back to the Crocket Trailhead where they will cross and head down Church Street where they will once again pick up the **ORANGE** markings and follow those until they get to Nat Greene Trail where they will pick up the **YELLOW** markings to head back towards the other side of Nat Greene and Palmetto trails. Once you reach the greenway, you will pick up the **BLUE** markings to head back towards Owls Roost and the finish.

# Course Markings

Athletes may see flags / tape on BOTH sides of parts of their courses since they will contain an “out-and-back” section.

\* Surveyor flags will be very close together where there is a turn or the possibility of going in the wrong direction. They will be much further apart (.1 to .15 miles) when there is a low possibility of going in the wrong direction. (This is a very simple course to follow. Don't make unprompted turns.)

Example of a “low possibility area”; course markings spread further out.

\* We also use signs at every turn. Where the races go in different directions, the trails will have *40M, Marathon, and half marathon signs.*

# RELAY TEAM RULES

- Team Size: 2 or more people.
- All aid stations will be “Relay exchanges zones”.
- Both runners must check in at the aid station in which an exchange is made.
- Each runner on the team will have their own bib number. (*All team members not currently running must take OFF their bib number before coming to the finish line*)
- Relay “leg” distance is up to the team, but exchanges **MUST** be done at an exchange zone only.
- Runners do not have to run an equal number of legs or distances; however, every team member must run at least one leg.
- All general athlete rules and gear requirements apply to relay team participants.

# **PACERS**

- Pacers are only allowed for the 40 Mile distance
- Pacers are allowed to assist athletes anywhere on the course
- Pacers must check in at packet pick up race morning to sign a waiver and receive a pacers bib
