

Food Sponsorship Opportunity

The Tour de Donut will be offering sponsorship opportunities in the form of high visibility at the food areas in downtown Troy and aid stations around the course.

The Tour de Donut is a unique cycling event where you ride and eat donuts to reduce your finish time. Beginning in 2007, the event has grown to over 3000 participants and has been featured in National and International publications and news segments. The event is by far largest athletic event in Miami County and offers a large free kid's participation event. With distances for all experience levels, the ride has become the largest single day bicycle event in Ohio while attracting participants from 30 states in 2018.

We offer this unique partnership opportunity with local businesses who are interested in supporting this popular community event.
