

The 47th Annual Walpole Labor Day Road Race

A Walpole Tradition

Dear Friend of the Community,

The Walpole community has shown resilience, strength and unwavering support to Walpole High School and their students throughout these challenging times. The Walpole Labor Day Road Race is the largest fundraiser to support Walpole High School's Cross Country/ Track & Field programs.

Throughout the years the support from businesses and families in the local community have helped us raise \$30,000 annually towards this highly successful program. We're asking for your continued support of those 200+ student athletes again this year. We understand many of our local sponsors have been hit hard financially by restrictions brought on by this pandemic, but more than ever we need your help.

The 47th running of the Walpole Labor Day Road Race will be celebrated as a **"virtual event"** beginning August 29th – concluding on Labor Day September 7th, with runners covering the 5K or 10K distances in their own neighborhoods any time during that period. Even with such changes we are committed to recognize and reward your continued generosity.

\$25K 

Where Your Contribution Goes!

Finances a successful and historic program for over 200 student athletes across three seasons

Funds 7 College Scholarships
Stipends for Assistant Coaches
