Also a One Mile Walk on a special course along the water
Saturday, October 5, 2019 at 9:00 am
Registration begins at 7:30 AM
Foran High School, Milford, CT

Uganda Farmers Inc. is a nonprofit organization that brings clean, running water to remote villages in Africa. The organization's main fundraising event of this year will be **Running Water for Africa 5K Race on October 5, 2019**. We've brought water to thousands of people in remote villages in western Uganda through our fundraising efforts over the past several years.

The proceeds of this year's event are for a new water catchment project in the village of Bwindi, **Uganda**. We are also funding a new project in Tanzania, near Serengeti National Park.

Please join us at our event this year to help give the gift of water to over 2,000 people!

Donations may be sent to Uganda Farmers, Inc.
