

Non Profit: The Proyecto Mariposas is a non-profit organization that provides an environment of learning, sharing and support to Latina Girls and Women of Central Ohio. We began our journey on July 16th, 2011 with four girls and their mothers. Our vision has been to develop brave girls and strong women. Through our programs we build self-esteem, encourage risk taking and create a community of love and learning. We work with Latina girls ages 8-17 in Columbus, OH by providing activities that are focused on wellbeing. We want our girls and mothers to be physically, mentally, spiritually and emotionally healthy. The Valiente | Fuerte 5K will provide funding for our programming throughout the year. We do this by offering weekly meetings, mentors, summer camp, school supplies and necessary tools and/or resources.

Race Details: The Valiente | Fuerte 5K Run/Walk is a fun 3.1 mile race. There will be awards for the top male/female runners in each age category. The first 100 finishers will receive the Valiente | Fuerte Medal.
