

Hartford Track Club
8K Cross Country Race

Start is 8 yards before culvert.

Mile 1 is 8 yards before the fence post marked with orange paint.

Mile 2 is as shown.

"Mile 3 is really about 20-25 yards after the turn." (Tom Buckley)

"Mile 4 is just after the trail that connects up to the reservoir road.

Just after the water cap, there is a rock that protrudes out on the right which is where I placed the paint mark. Since the paint mark is gone, I just placed it about 2-3 steps past the trail turn going down the hill." (Tom Buckley)

Finish is 6' after the last Tamarak.
