Om Foundation achievements:

- Om Foundation has pledged \$150,000 to support pediatric cancer research at Rutgers Cancer Institute of New Jersey. The first payment of \$30,000 was presented to CINJ on November 1, 2019.
- We are also developing cancer education programs for high school students, especially from Monroe, and have sponsored 25 students to take part in CINJ's Oncology Olympiad competition.
- Over the last year we had the opportunity to provide financial support to families in Monroe and surrounding communities. We plan on continuing this initiative and extending our support to other families from the funds raised this year.
- We will also keep supporting previously established programs at Monroe Township Middle and High Schools as well as Monroe Township Public Library to spread positivity and optimism among students.
