

Welcome to the 7th Annual Ada County Kids' Duathlon!

Each participant will receive a bib to be attached to their shirt in the front (safety pins will be provided in each race packet). Timing chips are attached to their bibs - they will automatically record when your child crosses the start/finish lines.

Each participant will also receive a number for their bike that will match their bib number. Please attach to the child's bike (there are adhesive strips on the bike numbers).

Have your participant arrive to the start area 5 minutes before their race start time to ensure that we can start on time. *However* Please do not cross the start line or finish line before the race, as it will trigger your timing chip and could affect results.

The children will start each race running, pick up their bike at the bike corral, drop their bikes off against the fence, and finish the race running. Please ensure that your children are not hanging out on the courses during the races to make sure everyone stays safe! We will send 2 participants at a time to ensure safety on the narrow trails.

Once you have picked up your packet, feel free to browse our on site vendors, crafts, and raffle items. Also, please recycle your water bottle at this event!
See Hardin Sanitation table for recycle bin and more info.

ALL PARTICIPANTS MUST WEAR HELMETS!!!!

A huge thank you to this year's biggest sponsors...

Raffle Information

As a part of the morning and afternoon awards ceremonies, we will randomly select bib numbers from each age group to win our raffle prizes.

You must be present to win.
