

Ensuring Plymouth children have the opportunity to participate in recreation programs!

Saturday March 28th, 2015 10AM at Forges Field Complex

NEW! This year we will have a 1.5 mile Fun Walk! Perfect for families and children!
Information and registration at www.plymouthrec.com

In 2008 the Recreation Department established a scholarship program in an effort to ensure that Plymouth residents are not denied the benefits of public recreation due to their inability to pay. The Recreation Department believes that every resident should have the opportunity to take part in public recreational programs and classes. Public recreation promotes physical, mental and social well-being and serves as a setting in which friendships bloom, families thrive, and community pride is forged. Since its inception, the Plymouth Recreation scholarship program has made the benefits of recreation accessible to hundreds of children who would not otherwise have the means to participate in recreation activities.
