

Team Doogie's purpose is to invoke: Fun, people meeting new people and being proud of who they are. Our sports are not meant for elite players although they are welcome (and are very helpful when they share their knowledge with beginners). Our sports are meant for people who are looking for new friends and something to do. That said, cheers and let's get the party started!!!

SUBSTITUTION PLAYERS: Subs are allowed as long as they sign up on our registration (for free) as a substitute. A sub player must pay \$5 per game and this must be paid before game play takes place. They in turn get to play and a wristband entitling them to the discounts offered by our hosting partner.

See basic rules below

1. Please be on time. Our league depends on being able to fit all games within a certain time frame. We will produce a schedule in advance for your convenience.
2. A "Coin toss" will be performed before each set. A set consists of 2 to 3 games played to 21. The first to reach 21 no matter if it is over that amount or not shall win.
3. There is no rule on how to throw the bags
4. Players may not step over the front edge of the board they are throwing from.
5. The throwing box is three feet to the left or right of the board and within the front and back edges.
6. Any bag that touches anything but the board before it lands is considered null.
7. This is elimination scoring. If one side initially scores 6 and the other scores 4 then the winning side scores 2.
8. Games are scored by the players. The judge is available at request at anytime.
