

## Florida Wildlife Hospital

We are a non-profit organization dedicated to Florida's native wildlife in need. We are here 365 days per year to assist sick, injured or orphaned native or migrating wildlife with the goal of releasing them back into the wild.

We are permitted through state and federal agencies but receive no government funding. The number of animals we assist each year is increasing and our resources need to increase at the same rate.

In 2021 over 6000 animals were assisted by our facility. We need your help to give all these animals the proper care they need.
