

Dress a Runner for the New Bremen Fireman's 5k Run

Your donations will go 100% to the NB Fireman's scholarship fund in honor of Ken Jutte and John Garman.

Kenneth Krumm and Larry Kellermeyer will continue the tradition of running the Fireman's 5k in turnout gear. The combined weight of the gear is over 45#. This year they're asking for your help in determining how much gear to wear. You can select which runner you want to support. You can then select which piece of gear you would like your runner to wear. Any donation is welcome. Or you can mark your donation as open and the amount will be applied to an appropriate item to wear.

As an added incentive, when a runner reaches \$500 in donations, that runner will up the thermal effect by wearing a wetsuit under the turnout gear (temperature permitting) or add even more weight, making the completion of the 5k an even bigger challenge.
