

Tournament Division Descriptions

Welcome to the BFit Heroes Cup! We offer a full spectrum of divisions to ensure fair and competitive play for every skill level.

Elite Divisions

Division A (Elite): The top division featuring collegiate and other high-level players. Expect high-speed, high-intensity hockey.

Division B (Advanced): Highly skilled players with extensive men's league or junior hockey experience. A fast-paced and very competitive division.

Competitive Divisions

Division C1 (Upper Competitive): Solid, experienced players with strong fundamentals. High-level beer league competition.

Division C2 (Mid-Competitive): Mid-level competitive division. Players are capable skaters with good puck skills.

Division C3 (Lower Competitive): For the average, seasoned beer league player. It's a great spot for teams that want a good challenge without the pressure of a top-tier division.

Recreational & Novice Divisions

Division C4 (Upper Recreational): For experienced recreational players looking for a structured, yet friendly game.

Division C5 (Lower Recreational): For intermediate players, this division is for those who are more focused on enjoyment and camaraderie.

Division D1 (Upper Novice): An excellent entry point for developing players or those with limited experience.

Division D2 (Lower Novice): For teams with slightly less experience. Slower paced, it's a great place for players to develop their skills.

Division D3 (Upper Foundational): Teams where most players have only been playing for a couple of years.

Division D4 (Lower Foundational): Tailored for brand new teams just getting into organized hockey.

Division D5 (Instructional): The lowest division, specifically for teams with little to no prior experience. All about fun and learning the game.
