Dear LECO Vendor,

On behalf of LECO Corporation and the Warren family, we would like to thank you for your continued support of the Fit 4 Fall 5K. Over the past 14 years, this annual event has made a meaningful difference by supporting nonprofit organizations throughout our local community, the Midwest region, and around the world.

We are excited to share that for our 2026 race, scheduled for **Saturday, October 10**, LECO will once again cover 100% of all race expenses so that every dollar raised goes directly to the charities we support. This year, we are proud to raise funds for Hospice at Home, the LOGAN Autism Learning Center in Southwest Michigan, and Convoy of Hope.

About These Organizations

The following have been selected by the Warren family for the impact they've made to the communities in which we live, work, and do business:

Hospice at Home, part of Caring Circle

Hospice at Home has provided comfort and dignity to thousands of people in our community for over 40 years, enabling them to spend their final months at home with their loved ones. Hospice care ensures that pain management, therapies, and treatments all support a plan centered on the patient's goals. Hospice care also provides emotional support and advice to help family members become confident caregivers and provide the tools to adjust to the future with grief support for up to a year.

LOGAN Center for Autism—Southwest Michigan

LOGAN is a not-for-profit organization based in Northern Indiana that offers resources and opportunities to people with intellectual and developmental disabilities so that they and their families may achieve their desired quality of life. The LOGAN Autism Learning Center in Southwest Michigan offers an individualized Applied Behavior Analysis (ABA) program, as well as behavior consultation, social skills classes, recreational services, occupational therapy, speech therapy, parent training, and counseling services for those in the Southwest Michigan Community with autism. The LOGAN Center provides support for children ages 18 months through adulthood.

Convoy of Hope

Convoy of Hope is a global humanitarian organization that works to bring solutions to the root causes of poverty and hunger. Part of this solution includes the Convoy of Hope Agriculture and Growing program, where agricultural specialists train and equip communities to grow sustainable food sources to ensure access to proper nutrition for all. As a leading manufacturer of instrumentation used for analyzing and optimizing growing conditions, LECO supports this program through equipment and resource donations.

We thank you for your continued support and hope you will continue to partner with us for our 2026 race!

Sincerely,

Maria Hutchins and Jackie Savard
