RUNBREVARD.COM

Welcome Athletes!

Health First and Running Zone Foundation welcome you to the 18th Annual Running Zone Foundation Run Brevard Race Series. This year's Series offers seven fun and family-friendly events including three 5Ks, one 3K and three 2 milers. We offer these shorter distances to promote participation among both walkers and runners of all ages and abilities.

And, knowing that being part of a team can provide a sense of camaraderie and extra encouragement, we also offer awards in two team categories for each race as well as the overall Series.

Our **Team Challenge** lets any five friends, family members and/or co-workers enjoy the fun of competing together against other teams in the same category.

The **School Team Challenge** provides fitness and increased self-esteem for those 14 and under. More than 1500 children in elementary and middle school participated last season and Running Zone can help your school develop a walking or running program for you students. Parents and teachers can form an open team under the school name.

Please note: each event's amenities can change at anytime due to state and local restrictions.

FUN PERKS!

We will have **finisher medals** for each of the seven race series events!

We will be adding a virtual option to each event! Each registrant can participate on race day or with a virtual option giving participants flexibility and be able to participate according to their own comfort level. Participants can also switch between the physical and virtual event up until the week before the event! Earlier start times for the hottest races to keep you safe & cool.

Each series event will have the option to donate to the designated beneficiary organization for the event to help our local beneficiaries.

We will continue to have packet pick up starting three days before each event at Running Zone if participating in the event. Anyone participating in the virtual event will be able to pick up their packet during packet pick up.

Your packet will contain the following:

- Race number (virtual registrants will print their own race number in RunSignUp)
- Race shirt if selected as an option during registration
- Finisher medal

Virtual Race Event bag will be emailed to everyone registered with information from our sponsors and future events.

REGISTRATION & PRICING

Both registration for attending the physical event and registering to participate virtually will be the same cost. However, if you want your packet shipped to you (only available outside Brevard County) then you will pay extra for shipping. This facilitates easily switching between the two options and can be managed by you, the participant through your RunSignUp account. We will be offering a \$5 off discount for choosing a no shirt option and an additional \$5 off discount for choosing a no medal option.

FINISHER MEDALS

New this year! No medal option to reduce your cost by \$5 per event.

Virtual Participants that submit their results will:

- Continue to be eligible for the awesome Beach Towel after Run for the Gecko 5K May 2023
- Not be eligible for awards for each actual event

SUPPORTING OUR COMMUNITY THROUGH FITNESS

Don and Denise Piercy organized numerous running and walking events in Brevard County since 2003 and donated proceeds from these events to various nonprofit organizations.

In September 2008, Don and Denise established Running Zone Foundation, Inc. to formalize their commitment to health and fitness programs in Brevard County. In 2020, Running Zone Foundation expanded into Indian River County and is now offering 20 events in both counties.

The Foundation was established as a 501 (c) (3) organization with the purpose to promote exercise and fitness and give back to local organizations. Today, it consists of 7 events in the Run Brevard Race Series, Run Vero Events, Brevard Corporate 5K, the Shamrock Shuffle 5K, the Space Coast Turkey Trot 5K as well as three longer distance events with the Space Coast Marathon & Half Marathon, and the Vero Beach Half Marathon & Sea Turtle 2 Miler.

Running Zone Foundation's charter is to promote and encourage health and fitness in our community through running, jogging, walking and related educational programs and publications.
