

## Mo' Bell 2022

## PRELIMINARY Results

Y'all, I'm well aware that some of these are off. When we let people make changes and run a million different races at the same time, plus the timed races that are actually measured in miles instead of minutes, tiny UNINTENTIONAL mistakes do happen in the results. It isn't because we don't love you!! I've been fighting with the results and the notes and the video for a week, so hit reply on your email if you want me to fix them faster!
