

Bellin Women's Half Marathon & 5K Registration Update

June 12, 2020

Prospective and past participants, thank you for bearing with us as we contemplate and plan for this year's Bellin Women's Half Marathon & 5K. This update is designed to keep you in the loop as you plan your race schedule for the rest of this most unusual year.

We have good news to share! It is our intention to move forward in planning an *in-person* 2020 Bellin Women's Half Marathon & 5K on Oct. 10. As you can appreciate, however, putting on an in-person event is significantly more complicated than usual this year, and we need to ensure that our operations team, local agencies, vendors and others are on the same page *before* we open registration. We hope to do so soon, and we thank you for your patience as we work through this process.

There are two other things you should know:

1. Your safety will be our top race-weekend priority. We are continuing to develop our multifaceted health and safety plan, relying on the expertise of our Bellin Health medical team and our seasoned operations crew. We look forward to sharing the details of this plan to ensure our participants know they are protected.
2. We will continue to be flexible and nimble, and we will not proceed with an in-person event if it becomes unsafe to do so. If we are unable to run this race together, we will offer a virtual option with the same swag, a virtual keynote from an amazing speaker and all the inspiration and motivation you've come to expect from the Bellin Women's events. Those already registered will receive a refund of \$40 of their registration fee.

Thank you for bearing with us as we continue the unprecedented but exciting process of planning for this year's event. We look forward to sharing more good news with you soon.
