Year End Review 2019

2019 Recap

Let's start off by saying THANK YOU to all our events, event coordinators, race directors, runners, walkers, spectators and volunteers. We truly appreciate all that you do for this community.

This year we timed 248 events. We also added 56 new races this year. We scored everything from 1 mile runs, to half marathons. We did runs, stair climbs, triathlons, swims and more with a total of 98,355 registered participants. For Statistics on the 5K and 10K distances, see below.

We are happy to announce that we acquired Happy Rock and it's finishline structures. Paul Hess is moving into retirement and we are ecstatic to be taking over. We have some big shoes to fill but thrilled to be doing it!! Can't wait to offer this service to our events and excited to work with some new events in 2020.
-
Happy Rock has been setting up finishline structures (among other services in event management) starting with the Midland Distance Run and more recently the Cherry Blossom 10K and the Ridgewood Run just to name a few.

We brought on some new faces to the CompuScore Team as Timers and we will be looking for even more in the upcoming months. Stay tuned!

Race Day Additions

We again took this year to add to our equipment on race day with a new inflatable arch as well as 2 new timing vehicles. This goes along with our new cones, stanchions and feathered flags from the previous year. We are making our finishlines stand out.

Partners in 2019

2019 gave us some amazing partnerships. We worked with JagOne Physical Therapy as our main Partner. They allowed us to provide generic bibs to our events at a reduced cost. They also provided start and finish feathered flags and some great training tips in our newsletters.

Runderwear and Skratch Labs also provided us with some coupons on their products.

Thank you to all of our Partners. We hope to partner with them again as well as bring you some new partners.

Looking Ahead to 2020

We are very excited to announce the first event through CompuScore Productions, the Spring Distance Classic 5K and 15K on March 22, 2020 in Basking Ridge, NJ. This will be the USATF NJ 15K All Divisions Championship Event. More Info at: www.springdistanceclassic.com

We also have events confirming daily and being updated on our website. Check it out below.

UPCOMING EVENTS

Humor Corner

ME: can't go running with you, all my workout clothes are dirty.

FRIEND: oh nice, been running a lot?

ME: no, pasta sauce

Don't cry because the race is over, cry because you forgot Body Glide and it's time to take a shower

My running form could be described as "drunk woman slowly being chased by no one".

2019 5K STATISTICS

5K Overall (M&F)	
All Finishers Count	34,644
